Lady Anusuiya Singhania

The immortal soul who laid the foundation stone of S.P.S.E.C. in 1982, continues to inspire us from her heavenly abode.

*Cool breeze and autumn leaves
Slow motion day light
A lone pair of watchful eyes
Oversee the living
Feel his presence all around
A father soul
A smile that's healing
He kept moving way up high
You see the light, it shines for ever
Sail through the crimson skies,
The purest light whose elegance sets you free
So blessed are we*

 TRIBUTE

Shri Govind Hari Ji Singhania

(19.03.1937 - 02.10.2014)

Shri Govind Hari Ji Singhania, the custodian and doting father figure of our school, has bestowed his legacy on our institution since its inception. Our esteemed education centre is the sum and substance of his pioneering foresightedness and dedication to the most noble cause in service of humanity and nation.

A firm devotee of Lord Krishna, his name personifies the virtues and grandeur that were symbolic of the mortal version of the eternal and divine, the Govind. From the very beginning, he was trained in benevolence and compassion for others. His towering stature attracted admiration from all social classes, who often marvelled at his business acumen and boundless philanthropy.

He continued the legacy of the legendary JK business empire with elan that his ancestors bestowed upon him. His insatiable desire for innovation and excellence paid him rich dividends as he ventured into new business territories. The simplicity he displayed in his actions and lifestyle was awe-inspiring. He never got carried away with his streak of accomplishments. His demeanour made him venerable amongst his peers and subordinates alike.

SPSEC is a testimony of his commitment to enlighten the progeny with knowledge and moral values so that a near utopian society can be created. His altruism has many narratives to tell, each having a component of a life lesson. He was one in a million, whose presence not only changed the life of those around him but also transformed societies that basked in his glory. His impact, influence and inspiration can neither be compared or substituted for.

His lingering presence, after his sudden adieu to this mortal world, can still be felt in every sphere of human life he touched. He was and will remain our silent guardian and a watchful protector.

MESSAGE

'Do your work with the welfare of others always in mind. The ignorant works for their own profit while the wise work for the welfare of the world.'

—The Bhagwat Gita

Jai Shree Krishna

I am deeply gratified to claim that we at Sir Padampat Singhania Education Centre draw our abiding inspiration from the above eloquent lines. Inculcating the right values systems and character building is a prerequisite for our children to take on the world with knowledge and competence. The aim and objective of our educational institution is to instill in the students-humanity and spiritual values, a genuine concern for the welfare of others and commitment to truth and justice besides academic excellence and all round development of their personality. The school believes in empowering its students in such a manner that they act as representatives of a meaningful and value based society. Our Founder Chairman Shri Govind Hari Ji Singhania said, "I am of the opinion that my life belongs to the whole community as long as I live." I ardently believe in the same and now it is my privilege to bear his torch and do what I can for the community. It is like a splendid torch which I have got hold of for the moment and I want to keep it ignited as brightly as possible.

Successful institutions do not just happen. They are effective because of all those who work in them and have intense commitment to make them succeed. I wish to appreciate the extraordinary leadership qualities of the Principal, fabulous teamwork of the staff, highly supportive stakeholders and sound management of the Members of the Board for their dedication and faithfulness towards this great institution.

I congratulate the commendable Editorial team for bringing out yet another edition of *Padamjyoti*, an invaluable memento which will surely stir the minds of the readers and gratify them to the core.

'Excellence is never an accident; it's always the result of high intention, sincere efforts, intelligent direction and skillful execution.' These words of wisdom best describe the present state of SPSEC. I pray that Almighty, in his divine benevolence, continues to lead and guide this prestigious institution for generations to come.

Best Wishes and blessings to you all!!

MESSAGE

The second decade of the 21st century has commissioned a new trail of academic innovation. SPSEC has always been in the forefront of the endeavours in enhancing education capacities at all levels by incorporating effective, scalable and motivational educational policies that can result in the development of a nation by sowing seeds of learning skills in the juvenile people by catching them young.

Education transformation is a global priority. Macro-collaborations and especially the use of new information and communications technology, which is imperative for this makeover, will indubitably result in intelligence transfer.

SPSEC provides innumerable platforms to enhance students' potential so that they can meet their goals in skill development through its revolutionary curriculum reforms for future workplace relevance, placing significance on the role of smarter content, pedagogy, delivery mechanism from ICT, artificial intelligence, coding and the crucial issue of access to an integrated environment that provides physical, spiritual and academic evolution.

When other institutions are grappling with the changing times, I am pleased to inform all my stakeholders that SPSEC has successfully navigated through it and deployed a series of innovative practices that cater to the demands of the modern education. We have been able to achieve all this as a result of our foresight and immaculate curriculum design.

'A sound mind resides in a sound physique.' Assiduously working on this adage, we have blended the finest in academics with an international standard sports academy. Both are working resolutely in tandem to create dynamic and enterprising go-getters with leadership and risk-taking abilities.

I congratulate all the efficient academicians, sports mentors, parents and students for making our school a vibrant eco-system of knowledge and proficiency in sports. I look forward to another year of new laurels and accomplishments.

MESSAGE

'A thing of beauty is a joy forever: Its loveliness increases; it will never pass into nothingness', how aptly quoted by John Keats in Endymion. Imagine for a moment, a world without art, culture, dance, opera, literature and poetry. That world would be a very dull place. Devoid of imagination, the one thing that distinguishes us human beings from other species. Without art, the banality of reality would be intolerable or to paraphrase nature, we have art in order not to perish from the truth. Aesthetic enterprise has the ability to transmute mundane into magnificent.

The true endeavour of our school is not only impeccable academic brilliance but also amalgamate the nuances of artistic ingenuity and create an army of pupils who are equipped with versatile capabilities. The contemporary world offers myriad platforms for creative minds to excel and expand. The alternative career options that are available to the young generations have proved that life is not just about tasks but tastes as well.

I truly believe that a child's inventive ability must be nurtured and supplemented from the very beginning. For all those who figure the future as a conundrum, I emphasize that it is the present that wields the magic wand of unlocked potentials. SPSEC is an atelier that produces the vanguards of exceptional crafts. Each year offers new challenges, new dimensions of learning and untapped possibilities and I am elated to inform that our vast integrated curriculum is competent to convert trials into triumphs.

I extend my best wishes to all who have assiduously contributed in making SPSEC a bastion of innovation and creativity.

Nestled in the heart of Kanpur, Sir Padampat Singhania Education Centre stands tall not only in structural prominence but also in academic distinction and honourable repute backed with a rich experience of 38 years in the noble field of education.

We pride ourselves in a personal approach and focus on the development of character and moral values of each child. The outstanding, well-qualified staff acts within a thoughtful and responsive curriculum moulding each child into a complete human being who will in turn serve the society immensely.

Our responsibility is to figure out which strategy will work with each student, because everyone comes with a different, compelling story. Also, we work to make a difference in the lives of every student we meet.

The cardinal aim of our institution is to build character along with intelligence using both traditional as well as modern teaching methods. We try to inspire and motivate our students so that they can develop respect for others and learn what it means to be a person of true character and integrity.

Solid academic programmes, a variety of extra and co-curricular activities ignite creativity, blossom critical thinking and enhance communication skills. The teachers who are the soul of this establishment are equipped with the requisite knowledge to encourage joy in creative expression and have been the force behind the academic excellence.

Our focus is to develop students who are resilient and adaptable, equipped with the knowledge, skills, and disposition to continue their education and become independent and socially responsible adults. In pursuit of excellence, I acknowledge our parent fraternity for their incessant support in school's every endeavour. This annual issue of 'Padamjyoti' is the sum and substance of an academic session's spectacular inventory of achievements. It is a befitting tribute to plenitude of accomplishments, finesse in co-curricular and academics, the bond of togetherness and above all the pristine trail of reminiscence. I congratulate everyone who have contributed in the making of 'Padamjyoti - 2019-20'.

In the words of Marcus Aurelius, a great Roman leader – “Time is a sort of river of passing events, and strong is its current; no sooner is a thing brought to sight than it is swept by and another takes its place, and this too will be swept away.” No wonder, we have witnessed yet another year slip past us like a flash on eternal landscape of time.

But a year at our magnanimous institution has always been an unforgettable affair, one that leaves an indelible impression on the minds and hearts of those who had participated in it, and ‘Padamjyoti’ offers an opportunity to catalogue these spectacular moments so that they are etched in the form of a memoir whose pages could be flipped to take a trip down the memory lane of the by gone year.

The session of 2019-2020 has been inundated with rewards, recognitions, reaccreditations and resplendence. The outstanding performances of our adorable students in the CBSE Examinations and numerous competitive assessments not only brought laurels to the school but also catapulted us to the position of the numero uno academic institution in the state. With academics as the centre stage, our students were show stoppers in co-curricular activities as well. Their dazzling display of extraordinary capabilities has bedecked our hall of fame.

A school is a cradle of affection, faith and reassurance for its students. It also serves as a bedrock on which a student

constructs an empire of dreams and ambitions. The traits, virtues and knowledge gained here smoothens the rough edges and adds sheen to competencies that paves the path of excellence in their endeavours.

‘Padamjyoti’ is symbolic of the Singhanian way of life in school. It is a collage of all the activities and achievements that were the hallmark of the session 2019-20. It collates the numerous articles contributed by all the stakeholders of our beloved school including the alumni whose success traces its roots to their school life. We hope that you will cherish and relish our efforts of using snapshots and words in this edition of ‘Padamjyoti-2019-20’.

This enormous task of compiling a behemoth of nostalgia would not have borne fruits without the incessant support and faith reposed in us by the School Management and our doting Principal, Ms Bhawna Gupta. We express our gratitude for her unwavering confidence in our capabilities and hope that we have come up to her expectations.

We also express our regards and appreciation to everyone who has contributed in the making of this years ‘Padamjyoti – E-magazine’.

In order to streamline the dilemma of parents and students in class 11 at the time of stream selection, the school repeatedly conducts orientation programs and counseling sessions for solving the queries regarding selection of varied subject combinations.

And for the first time, orientation classes in core subjects of science, commerce and Humanities were conducted for all students....under the same roof, enabling them in taking right decision for the stream selection as per their potential. It was a 10 day worth session followed by an online aptitude test which gained appreciation from parents and students.

Our school, facilitates the students through air conditioned classrooms, smart class concept, digital classroom pedagogy, hi-tech labs, digital library with millions of e-books and high speed Wi-Fi over plentiful kindle, interactive worksheets and videos in Google Classroom, a well-equipped gymnasium, world class Sports Academy, CCTV Surveillance and GPS Enabled Transportation facility.

Our school has the heritage of marching ahead with consummate vogues for others to trail.

We at SPSEC encapsulated innovation in education by holding a teacher exchange programme in communion with SPSEC Kota, revitalizing the approaches and pedagogies to teaching.

Educators of SPSEC in collaboration with SPSEC, Kota designed the resource book for all the core subjects benefitting the students right from grade 1 to 8.

The school has framed its own self-designed computer science curriculum from classes 1 to 8 familiarizing them with coding to keep pace with the global revolutions in technology.

The Workshop commenced with the ceremonial lighting of the lamp. Thereafter, Suhani Kapoor, a student of Class IX welcomed the Resource person, Mr. Samir Sarkar and the participants. **Mr. Samir Sarkar is a renowned artist from Kolkata**, who has a Diploma in Visual Arts (Painting) from The Academy of Fine Arts, Kolkata. He was acknowledged as the 'Artist of the year 2013' by Colourentice and Tata Steel and 2000 Honorable Guest from India, Salon, rational Des Artistes, France. His technique and usage of acrylic paints give his paintings an authentic sense of reality. His paintings show that if hard work and passion hold hands, any goal can be achieved.

On the first day of the workshop the famed artist interacted with each student and encouraged them to draw free hand sketches using charcoal, a tool that's very popular with artists who like to do fast sketching. The artist told the students that art is a poetry written with colors, that reflects an artist's perspective of the world, of the things and of the people around him. He asked the students not to have defined goals for paintings and allowed the amateur artists to work freely using their own imagination. The young artists immersed themselves into their work and came out with varied and diverse sketches based on the themes like environment, social evils, human follies, status of women in the society etc. The students had a great time exploring the texture and tonal quality of charcoal and learnt that it is great for adding fine details or lighter value to casual sketches.

ART WORKSHOP

The second day of START 6 was thrilling for the budding artist as they learnt to paint with music and dance. They observed various 'Hast Mudras' of Kathak performed by Vanshika Singh of Class 11 and then went on to paint the same with acrylic colors. Dance and music helped the children to understand and appreciate art better. They showcased immense talent as they drew the composite and non-composite hand gestures of Kathak dance. The idea behind this was to make one artist understand the other and use one art form to express another. The mélange of the Performing and Fine Arts created an ambience that left a smile on everyone's face.

The third, fourth and the last day of the workshop was the day of Art Installation fondly christened by the students as 'The Nave!'. This day saw quite an innovation as the budding artists of the school collected the furniture lying waste in the school premises, renovated it, gave it a shape with their imagination and installed it for the art exhibition on the fourth day. Through this type of art installation Mr. Sarkar made an effort to channelize the dormant talents of the students as they learnt to repurpose the existing materials and transform them into thought-provoking art work. Around 40 students of the school attended the workshop under the guidance of the Art Teachers of the school. The workshop closed with a motivating speech by Mr. Samir Sarkar who told the students that art is something which reflects an artist's perspective of the world, of the things and of the people around him. Balance is Beneficial

Divyansh Awasthi
Class - XII

Bridges are only suitable to travel if they are well-balanced with cables and poles at every important area. Similarly, a student's life which is no less than a bridge that lead to multidimensional growth of a student.

Curricular studies are not designed for the purpose of confinement of a student but for revolutionizing their minds. Majority of students in India consider curricular studies as the sole ingredient that would help them get a respectable life. This is a myth. A myth which acts as a deviation and restricts them from focusing on other important attributes like communication skills, leadership, analytical skills etc. At an instance, students forget to understand the meaning of inner peace and end up living frustrated lives.

A student's life should be inculcated with adequate balance of studies, extra-curricular activities such as debating, sketching, singing, etc. to develop confidence and positivity in student's attitude. Sports and hobbies are a major requirement for a student not only for physical development but also to imbibe values of kindness, patriotism, teamwork, leadership and critical thinking skills in a student that curricular studies cannot give.

It is an ambition for me that I am willing to do almost everything that is possible for a student to perform. Be it studies to attain factual knowledge, sports to develop motor skills and teamwork, poetry to perceive things in a different way, debating to develop argumentation and judgment skills,

Students' Articles

reading various genres to groom the mind and sketching to learn speaking without words, I do all of them on a regular basis.

Balancing these activities remains a challenge but I consider it another opportunity to develop my critical thinking and management skills. Balancing my activities helps me to get an increased level of brain activity. I consider this aspect as very essential. It helps me to perform multidimensional activities and develop as a unique personality.

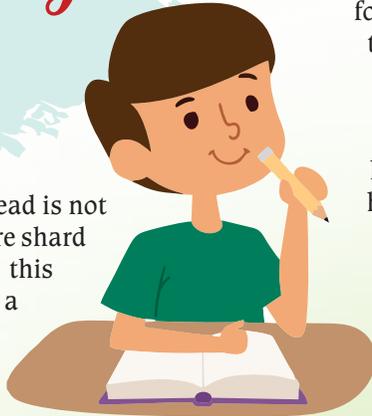

This cycle of doing activities to fulfill my ambitions and balancing them on a regular basis helps me to do hard work and smart work together. Maintaining a balance also motivates to keep moving towards my goals and never stop practical learning and implementation.

Curricular studies always help in getting basic knowledge and facts but this remains raw until a revolutionary mindset converts it into useful practicality. Extra-curricular activities, sports and hobbies help in achieving this revolutionary mindset which remains latent in most of the students.

The bridge is likely to remain unbalanced which is may lead to an unsafe journey if only one part is over-pressurized. Balancing is the key ingredient that supports all the other essential elements at their respective places and makes the journey fruitful.

Examining Exams

What you're about to read is not just an essay or a mere shard of literature. Rather this concoction of words serves as a court of law. This court however, won't be found on any Google map. Nor can you find the law it represents in any constitutional article. This worded court is a verbose portrait of an examinee's mind. An examinee who is, let's assume, on his way to take the BOARD-EXAMINATION. And guess who we have in our witness stand: 'Examination' itself.

But before we commence with this trial, it is imperative that we comprehend the meaning of 'exams'. No, I am not referring to the conventional definition written in the Oxford dictionary. What does it really mean? Is it a barometer of a student's potential? Does it measure intelligence? Are 'marks' the only thing that we as students should be rooting for?

If you think that examinations are all about marks and marks are equivalent to intellect, then this highscholar is in aversion to your definition of exams. Marks and exams are just like a shadow. Just as you can't discern the height of a person by looking at his shadow, you can't determine a student's potential by just looking at some wee numbers written in red ink. That's the bottom

line of examinations. That's the reason why most, if not all students interpret examinations as a quagmire.

Then what is the point of an examination? In fact, what is the point of imparting knowledge then, if it's just for some meager numbers? Practical application is the scaffolding of knowledge and knowledge is the impetus for examinations. If we can't apply our knowledge in practical life then this nine letter word has no meaning. And if knowledge has no meaning then examinations too, are hollow.

And there you have it. That's the quintessence of examinations. An ideal exam is one that compels the students to close their text books and be inquisitive about what is around. Exams should not incarcerate bright minds in books. They should focus on a more practical approach that gives a fair opportunity to every student to express their actual potential be it in any sphere. One can learn more with their NCERT books closed by assessing the pragmatic aspect of life. And that is what examinations should capture. Exams should test knowledge rather than memory.

So do you still think that our examination system is like an impeccable edifice that successfully measures a student's potential or does it require a Herculean revolution? Well... You be the judge of that after all, the ball is in your court now.

GRATITUDE is Great

Gratitude is not a mere word of nine letters, it's an emotion, not much of a sentimental one but the one which is underestimated for its insignificance. If it's about the gratitude surrounding the air around me - I would be the most content person to share it with the educators of my institution or if it's about the collective youth of my institution, the scenario remains undisturbed. Teachers are selfless givers besides being the wisest pupils and most of the liberals. The school youth start unraveling much if there's a "nonchalant mentor".

Saying thank you is more than good manners. It is a good spirituality.

My journey in school faced a great amount of thicks and thins. The curriculum contains so much necessary raw material, but warmth is the vital element that grows the soul of a student. This warmth is my priced possession - my educators.

My mind baffled when I encountered the periodic table; my chemistry teacher held on to me tight for two great hours explaining all it again. My heart thumped hard when my hands grew weak in formulae; my maths teacher molded me in completely different form probably one of the

fictional Aryabhata one. I vocalise the word Thank You to all the educators I ever acquainted with in my academic journey so far.

"To the world it may seem a little less, But yes, students get stuck in a game of chess, Everything is dependent on a piece of paper, Which we call "Report Card" is the judge of one's nature."

My voyage in school so far couldn't be so smooth if I had not had support of my two most beloved people - Mom and Dad. Teachers and parents are the two most ideal people I look up to anytime and anywhere.

I desiderate to say Thank You to mom for making me learn the craziest acronyms.

I desiderate to say Thank You to my dad for loving me the way I am and always being proud of me.

I desiderate to say Thank You to my teachers for making me who I am today, for molding me into a better one each day, and never ever giving up on me.

I owe to you always and forever.

"To the world it may seem a little less, But yes, students get stuck in a game of chess, Everything is dependent on a piece of paper, Which we call "Report Card" is the judge of one's nature."

A walk in the woods

It is said that a peaceful; calm morning, is where the glimpse of the bliss of life is seen. It took me great endeavour and I not so effortlessly, got up from my bed; with laziness enveloping me from all around; reluctant to leave me. I somehow brushed my teeth. I was awoken by now, and was ready for a stroll in the famous Kamla Nehru Ridge, with my *Chhoti Masi*, i.e.; my aunt. She had narrated about the embrace of natural beauty in the hustling city of Delhi, and I was stunned to see that the Aravalli's were still living with its forest and animals like; monkeys, dogs, birds like peacocks, sparrows, hornbills etc. All that I was able to see was infinite beauty and what I could smell was sweet peaceful air, carrying the fragrance of innumerable flowers, fruits and of damp mud. Everything was astoundingly calm

and in perfect harmony. I loved the atmosphere. People were observing their daily routine of yoga, jogging, exercises, and were feeding the animals. Animals, there have known about human civilization and have become friendly with them. The mesmerizing and soft and warm sunshine was lovingly touching my cheeks, kissing them and blessing me. It was indeed the best morning till this age of my life.

I realized the meaning of the famous saying, 'Early to bed and Early to rise, makes a man; healthy, wealthy and wise.' It is true, the nature encloses within it bounties of limitless energy, ready to grant us with it, so that we live our day with full energy and attentiveness. The secret of a healthy life is in the balance of nature. Yes, it was a routine walk to the ridge, but made a routine morning in to **MY SPECIAL MORNING!**

The Child

Once upon a time,
While drinking juice of lime
An idea struck the maker
(for the wrong the undertaker)
Bored of the monotonous
elderly and teens
He decided to make small
and happy beans
Far away from all the wild,
He called that tiny bean a child
He made one more and another
And looked after them as if a
loving mother
The little ones longed for
his tender touch,
And in his generous arms, the
children he would clutch.

A true friend

One who will help you till the very end,
Will be no one else but your true friend.
If you'd cry then he'd cry,
In scolding you, he won't feel any shy.
To you, if forever his happiness he would lend,
Then he won't be anyone but a true friend.
He won't superficially just rant and rave,
He would shout and scream when you dig your own grave.
To improvise you, a person who would intend,
Will be no one else but your true friend.

The right hand, left hand

This is my right hand,
Tapping on my head.
This is my left hand,
Looking for ahead.
Right hand, left hand.
Making a crown.
Left hand, right hand,
Rolling back down.

Welcome to our society
A place where
Eyes that "look" are common
But eyes that "observe" are rare.

Where after trials and trials
And bribes in cash
Criminals are set free
Victims' heart, in ash.

A place where,
People candle march for a day
And then move on,
After a few words of wisdom that
they say

Where toddlers play with phones
Than with building blocks
Where even an imaginary Santa
doesn't exist
Where has the innocence lost?

They talk and talk
Oh No! They blabber
But show no actions
They're shallow, rather

They know very well
How to complain, how to sympathize
But they know not
How to solve problems, how to
empathize

Our SOCIETY

Sonakshi Bajpai
Class - X

They have so much knowledge
Yet so little sense
Each one is alone even after
thousands of social media friends.

Our society,
Where most things remain unseen
And most facts censored
Where criminals roam like free little
birds.

Our society,
A place of plastic smiles
And hatred hugs
A place where teens lose their
innocence to alcohol and drugs.

Our society, a place of ironies
And political clowns
A place of funny miseries
And rich frowns
It's where you and I reside
It's where you and I decide
The rules to abide
Because at the end of the day.

You and I
Make "OUR SOCIETY"

She is a Warrior

She cures everyone's heart break,
She herself is broken.
She nurtures every smile,
Her own smile is left uncared.
She wipes people's tears, rebinds the
love birds,
But her tears have faded and love is
found nowhere.
She rejoins the broken pieces, and
gives back them life.
But she herself is wrecked and is
hollow from inside.
Ah! She's a girl crying over little
things, mocks the society she's just
emotional and weak.
Yes she's a girl and she knows it
well, but before being a girl she's a
warrior herself.

Day & Night, I will work very hard,

Trees

They give us their pleasant shade,

They flow like a lively green cascade,*

We build shelters from their timber,
Fire wood we have for our dwellings to heat,
Innumerable are the gifts, we can't all

It sacrifices it does never paint,
As do the human- the lowly bred.*

Criticism is Healthy

*Shedding tears because they say you aren't good enough,

It's not easy to grow under circumstances like these,
The flower once uprooted takes its time to grow back at ease.*

Did you know that a rose can grow out of its stem?

Winter Holidays

*A fairy of cold breeze touching my skin
Everyone greeted a goodbye
It was time for winter breaks to move in
All waiting for snow looking at the sky
Tonnes of chocolate drinks,*

*Millions of marshmallows
Blow of soup served hot,*

*The snowy whispers of the winters have arrived
Take out your warm clothes in which playful
battles were fought!!*

*The word holiday made everyone smile,
No school, no homework, no fear
But then the thought came in my mind,
That soon after few days this will disappear.*

*On that last day of my holidays
I walked towards my bed with shivers in my body
My feet were getting cold with a low voice then
I called out for my daddy!*

*He tucked me in, covered me with blanket
A good night kiss on my forehead assured that
winters will
Come again next year
Now it's for rest.*

There will always a person with the care
she'll show.*

*I never want to leave you at any cost,
Because if I lose you I'll surely get lost.*

*All the things did by you,
Are the things that make me love you.*

Guess who is she?*

She is one and only my mother.*

Time

*30 days have September,
April, June and November;
All the rest have 31,
Except February alone,
which has 28 days clear,
And 29 in each leap year.*

*That seems to be a lot,
But you there!, Be aware,
It's time my friend,
that makes everyone bear;
And one who respects time,
Will one day shine.*

*That's all I have to say,
Now it's just your way;
Think about it as soon,
Take time as a boon.*

Then you'll never have
to wonder about

Caged-bird

*A bird is caged
Caged at a corner*

*A red nosed-creature, Besides a

*Walks to and fro
At the pole between its ends
Chirps and recalls, Some memories
and friends*

*In the hollow white cage,
Climbs the neat and fine stage
The three apartments alongside, He
forces upwards in rage*

*The jet-black eyes,
Look for a star
Starving for nutrition, Like prisoner
behind a bar.*

*Looks for sunlight
Across the white sack,
And longs to return and fly,
Towards his dome back.*

*The bird stands thoughtfully,
And on the white pole it lean,
Thanks to be different from
humans, Unlike selfish and mean .*

*The bird is caged,
Behind whitish bars ,*

*Sees its family and friends, In
the shining night stars .*

*We burn down the trees,
And destroy their home ,
The bird is parted, From her one
and only dome .*

*The bird is then caught ,
By a mat or net ,
Is made to live in cage, And
defined as a 'pet'.*

*The pet's feathers are
dismantled
Shattered are his dreams and
deeds ,
In the name of love and care, In
selfishness and greed ,*

Miracle Happens

Once, there was a little boy whose younger sister had fallen ill and she was admitted to the hospital. There he stood with a lost look, when the doctor came and told the family that only miracle can save her. He decided to save his sister anyhow. He took his piggy bank and ran to a medical shop. He asked the shopkeeper to give him miracle. The shopkeeper told him that he does not have any miracle. An old man, standing beside him was listening to their conversation. He asked the young little boy that why did he need a miracle? The boy told him that his younger sister was in hospital and the doctor had told only miracle can save her. The old man smiled and told the boy that he has miracle which can save his sister. The little boy told that he had only fifty rupees with him. The old man said that it was more than enough to buy a miracle.

The little boy was very happy and went back to his parents. The old man approached the doctor and provided the best treatment to the little girl. After a few days the little girl recovered and became absolutely fine. The poor parents of the little girl were worried of the payment which was now due to be paid by them to the hospital. The little boy also discovered the reason of worry of his parents.

On the day of discharge while leaving them suddenly I saw the old man who had promised a miracle to the little boy. He told the family not to worry as they had already paid the dues when the little boy bought miracle from him for rupees fifty.

At last, the little boy discovered that the old man was the owner of the hospital.

It happened just yesterday...

It was a sunny day, the sun was shining with all its might and I was licking some dripping chocolate ice-cream. I was on the way back home from school. I walked on the pavement following the way to my home. I reached my home within few minutes and walked towards the porch to find an odd looking box lying there. It was quite an ambiguous looking thing. First I thought to leave it and walk away as it could be important to my parents. But its bright colors and long curved shape attracted me so much that I could not resist opening it. I untied the ribbon and as I was about to open it, I found it moving and shaking. I got startled. I threw it on the ground in horror.

Then I noticed the box opening all by itself. A letter inside the box unfolded itself. It read out 'Dear miss Avishi, I am pleased to inform you that this set of witchcraft and wizardry has been successfully administered to you.' I was flabbergasted. I looked down into the box and found a broom stick, witch's hat and a wand. I was spellbound. I picked up the wand and looked at it; it was all black and a bit curved. I waved the wand in the air and knocked down a cat sitting on the window of my house. It ran away in horror. I was kind of enjoying this. I picked up the hat and the broomstick. I put the hat on my head and mounted the broomstick. I was still quite callow. I lay there stupefied. I then balanced

myself, got up and mounted again the broomstick. It was levitating. This time it was under my control.

I flew away from my house and made everyone dance waving on my magical wand. I was enjoying myself a lot. I pinched myself several times to check if I was dreaming. But, I was really flying; it was not a dream! I flew to far off places, savoring each moment.

Then I returned to my home and placed everything back inside the box. I hid the box under the bench with the hope of reliving those moments again the next day. I went back inside my house. The next morning, when I got up I hurried towards the bench to check about the box. But, to my dismay, it was not there. I looked for it all around but couldn't find it. With a sad face, I came back to my room. My parents asked 'What happened to you?' but I did not utter a word of what had happened just yesterday.

Balancing the Unbalanced

"Who among you will be the next Morse?...The next Einstein? Who among you will be the vanguard of democracy, freedom and discovery?"

This is the ending part of the speech addressed by a professor to a group of mathematicians at Princeton University in a movie I had watched recently. These lines kept on playing inside my mind for days, touched my heart and amused me.

Today, once again, they started tuning in the same fashion as I was going home from school on an open rickshaw. What made this record play in me was a sight of an open sewer on the boundaries of which were sitting two young boys with their eyes fixed on a book each. They belonged to one of those tin-roofed-plastic-wrapped houses on the footpath.

These lines, all of a sudden, went into a different mould of meaning.

Who knows that the small untidy boy chasing the cycle tire with a stick, tomorrow, would give theorems that our children

would study? No one knows when this zephyr of knowledge in a young heart turn into a storm and blow away the globe In wonder .The people we see with a low glance now might occupy the poster on one of the walls of our future rooms. Wasn't the Father of Genetics, Gregor Mendel, a farmer's boy?

Didn't Einstein live in a slum in Munich?
Didn't Tesla worked as a ditch digger to earn bread?
Wasn't John Nash a schizophrenia patient?
Wasn't Stephen Hawking paralysed?

So the next time you go to a slum, a spastic centre or an orphanage, instead of that first instinct of repulsion, questions them-" who among you will be the next Morse? The next Einstein?"

War Cannot Bring Peace

God has created a beautiful universe which contains billions of planets. The only planet known to support life is the Earth. Earth 'The Blue Planet' is known to support a wide range of species such as animals, plants, microorganisms and human beings. Human beings are the source of versatility. Human beings are developed themselves from apes to which they are now. But with the development of technology we try to compete with each other and have given a curse to the world by creating the word 'WAR'. This word has taken the lives of millions of people and has destroyed many people. We fought 'The First World War' and 'The Second World War' which have destroyed many places; an example is the bombarding of Hiroshima and Nagasaki. In these years each powerful country has developed as a nuclear power. This nuclear bomb can take the lives of one million people in one minute. We think that if we destroy our enemy we would be safe but we don't pay attention to the fact that the enemy thinks the same. In such a state of development if we start to fight there wouldn't be a single person left. "War stops the fight between two nations, as there is no one to fight after that." People think that peace would be there after war but it is not true. I end up saying that "Peace is created by hearts of people, and not by metals that kills them."

The great masses of the people will more easily fall victim to a great lie than to small one. Read not to contradict and confute nor to believe and take for granted, nor to find talk and discourse but to weigh and consider.

The generation is presumed to be living in a paradigm of patterns that are shaping and changing the underlying structure of our society. However, this generation doesn't seem to have been falling into the dogma, which our politicians claim to have agenda on. The internal migrants being an asset or burden for local economies, is just another example of the same. However, after critically analyzing the aforementioned topic, we realise that this is indeed a burden on local economies.

The Indian Economy has been typically stagnant and backward when we inherited it from The Britain. Our Government, having been making efforts so as to tackle the massive problem of unemployment, has largely failed because of the agrarian foundation of our economy. After the Green Revolution, the shift of agriculture based economy was majorly concentrated on the already well off land, this initiative left the other states with not so fertile lands for other sources of revenue generation and employment opportunities thereby leading to establishment of new industries, Multinational Companies (MNC), IT based companies, among others.

With the spread of education and high level education the youth wanted better jobs instead of agro based occupations, this was the time when the states, who had been in a dilemma between agriculture and industries and had end up chasing agriculture faced a major challenge -- to address the demands of the youth. By then the other states had already developed very well and had acted as a magnet for white collar job searching youth of various states mainly Uttar Pradesh, Bihar.

This migration accompanied by the migration of rural people to urban areas of the same place proved to be a great challenge. This not only is affecting the local economies, by raising the level of unemployment but also is eroding the resources of such cities. A population which is dealing with already prevailing neck to neck population is forced upon with another set of competing sect, thereby often ending up facing hostile reactions by the natives. This has been proved to be beneficial for these states regional parties which try to mobilize the masses for their own selfish motives.

This has proved to a burden on local economies as no economy has been planned to accommodate large scale migration. The states open job opportunities in accordance to its population. Large scale migration cause change in the primitive pattern of thoughts and beliefs of the natives. If the economically weaker section comes in these states the problem of hidden employment is encountered however if the richer section of society enters the states due to better infrastructural opportunities and they tend to dominate the economic framing of these societies, thereby causing problems for the local economies. At the same time due to the stereotypes, the natives are seen responding in a hostile way to the migrants as evident from the widespread prevalence of the 'Mumbaikar' culture and the treatment meted out to the migrants from Kashmir. We need to be inclusive in nature, however not exclusively inclusive.

At the most basic level, the state governments should respond to the needs of people, because migration to other states also leads to lack of human resources from the native state. The politicians ought to work in accordance for welfare of national interests and not regional and political benefits. The identity as 'Indian' should be foremost and we should behave as vigilant citizens and not act as puppets for politicians.

Are Internal Migrants an Asset or A Burden for Local Economics?

Mistakes and Introspection *Go Hand in Hand*

Horn & honking was never my choice
 Patience & politeness seasoned my voice
 The shell within me was drying
 And the soul within me was dying & crying
 I always woke up to a sweet world
 better than the fables
 Until my world was curled and whirled
 Turning the tables
 Shattered and withered and worn
 I bent down to gather amass the corn
 Now that I had to battle with forlorn
 I unconsciously blared the horn
 Smiling face ceased to be my benchmark
 Conversing with me required gall to enter the dark
 Sadist that I am not
 The noose of life continued to tighten it's knot
 Until one day I grew so rude
 Forgetting the boundaries in a sulken mood
 I made a mistake!
 It gave me a shake!
 I was crestfallen and sad
 I decide to revive the Jewel of nature I had
 I will no longer be futile
 It's time to again be docile

Indian Superstitions And The scientific Logic Behind them

India, a country where traditions breathe comfortably next to global technology. We find ourselves standing at the juncture where these two meet, sometimes restless, sometimes nonchalant. As a result there are times when we question age-old practices, while at others accept them unwittingly. It is definitely important to question to prevent a slow degradation of our society into anarchy but it is also important to look for answers and be receptive to answers that others may find.

Attempts have been made time and again to prove that the rituals we label as superstitions were at one point carefully thought scientific procedures. With the passage of time and development of a hierarchical society, this knowledge became more and more esoteric and finally only the rituals were propagated not the reasoning behind them.

Here is an attempt to decode the logic behind some of the age old practices of our ancestors:

1. Don't step out during an eclipse -

Observing the Sun during a solar eclipse can cause retinal burns or "eclipse blindness". Based on a series of observations, our ancestors probably reached the conclusion that it was not advisable to set out during an eclipse. The superstition about Rahu's head blocking the Sun is a story woven around this practice.

2. Do not sleep with your head facing the North -

Our ancestors probably knew about the relation between Earth's magnetic field and the human body's field (biomagnetism). They probably made this rule of sleeping with your head in the South because of the harmful effects related to blood pressure and other diseases that asymmetry with the Earth's magnetic field would create. However, today we only get to hear that 'sleeping with one's head in the north is inviting death' not why.

3. A girl shouldn't do certain things while she is menstruating -

The first sanitary pads were invented in the year 1896, while commercial painkillers like Meftal were not available before the 20th century. Before that, the five stressful days of menstruation which entail cramps and pain for many women were dealt with Indian medicines.

Probably women did not work during those days because of discomfort and slowly this became a ritual and degraded to the form of a superstition.

4. Don't go near a Peepal tree in the night

Jan van Helmont found out the recipe of plant-food in mid-17th century. Before that the world was clueless about the relation between sunlight, carbon dioxide that magically produces glucose for plants. Our ancestors probably knew about photosynthesis and the effects of inhaling carbon dioxide in the night. Hence people were discouraged from venturing near peepal tree at night and stories of ghosts were woven around these trees.

5. Using lemon and green chillies to avert buri nazar -

The *nimbu totka* which is one of the most visible 'superstitions' probably stems from a culture that encouraged their use because of the qualities of lemon and chili. Both are rich in different vitamins and thus our ancestors probably tried to propagate their usage through symbols during ceremonies which slowly turned into a totka. Some people also claim that they have pesticidal properties, but this has not been proven.

6. Bathe after attending a funeral ceremony -

Our ancestors did not have vaccination against hepatitis, smallpox and other deadly and contagious diseases. Hence they came up with a set of rituals to be followed after the funeral rites are performed so as to prevent infection from the dead body. Slowly stories about the departed's soul got linked to this practice.

7. The mourning family of a dead person should not cook food until shraddha -

There is a ritual in the Hindu religion that prevents the lighting of the hearth in the house of the deceased until the shraddha. Superstition says this is to prevent the burning of the soul of the deceased. However, the practice may have been started to provide rest to the family of the deceased for mourning, to help them cope with the death of a loved one.

8. Don't cut nails after sunset -

Nail clippers were sharp blades which required precision and light to be used in the absence of which one could get hurt. Hence the tradition of using one during the day.

9. Don't wash your hair on a certain day -

The practice of not washing the hair on certain days like Tuesday or Thursday are attributed by some to the water management practices.

10. Sweeping the floor during the evening brings bad luck -

Conduct and discipline are the cornerstones of Indian society. The belief that sweeping the house after sunset brings bad luck (here) is a superstitious belief that we have all encountered now and then. Our ancestors probably preferred to clean their house during the day because of the sunlight and to avoid sweeping away something important. This practice like others slowly managed to weave a story around it.

11. Eat curd and sugar before heading out -

The tropical climate of India highly recommends the consumption of curd which has a cooling effect on the stomach. The sugar which is added in generous quantities, before someone is setting out for an important work, provides instant glucose. This combination is hence indispensable for Indians and so its consumption slowly linked itself to good luck.

13. Crush the head of a snake after killing it -

Superstition says that one should crush the head of a snake after killing it otherwise its kin might find animage in its eyes and seek revenge. In fact the reason is that a snake can bite or kill a person even with a detached head. And in order to completely neutralize it, it is necessary to crush its head. Also, being a cold-blooded organism, even if some of its vital organs stop working it will stay alive for hours and die a slow and painful death. So it is recommended to crush its head to give it a quick and painless death.

14. Plastering floor with cow dung is auspicious

Cow dung plaster is considered auspicious just like any other product of a cow. Hence, mostly all rituals dictate the usage of cow dung to plaster the floor. Our ancestors probably started this practice to guard against insects and reptiles which are repelled by the

pungent smell of cow dung. They did not have the luxury to buy bottled commercial disinfectants like we do. But over time this practice became a ritual and we find ourselves following it in spite of it being redundant in the contemporary world.

15. A portion of the umbilical cord is preserved as a part of an elaborate ritual so as to harvest stem cells

Description of *jatakarma* (burying the umbilical cord in the fork of a sapling tree or storing it in a copper capsule) are given in an age-old text called *Manavadhar - maastra*. Largely propagated as a superstitious practice to ground the child, these are probably descriptions of umbilical blood banking and our ancestors probably knew that human umbilical cord blood has stem cells. However, all the ritualistic details are no longer available. It was only in the year 1978, that a discovery regarding stem cells was made in the modern world.

Somehow over the years, the knowledge underlying traditional rituals became more and more esoteric. What got propagated was just the rule not the reasoning. It is time we start looking for the good in the past. We could probably find out a lot of answers to our problems if we start studying these in conjunction with our present.

Alumni Speaks

"School is a building which has four walls with tomorrow inside." – Lon Watters

I, not only passionately believe this but have experienced my future being casted in the furnace of learning, a mould called Sir Padampat Singhania Education Centre, Kanpur. I, Chitranshi Arora, a proud alumni (batch of 2010), have completed my schooling from SPSEC, and pursued my dream of being a lawyer from ILS law college, Pune. After my schooling, I started my career at ICICI Prudential Life Insurance Corporation, as Compliance and Legal Manager. However, my dream had always been judiciary, hence, to gratify my quest for being a part of the justice delivery system, I started preparing for the esteemed Delhi Judicial service. By God's grace, blessings from parents and teachers, I became a Metropolitan Magistrate in Delhi, in the year 2019.

So far it has been a wonderful journey, filled with myriad emotions, various conundrums, and bounteous learning. I owe much to my school, my benevolent teachers, my parents, and all the ethereal support systems around me. A lesson from Khanna ma'am to never give up, a teaching from Neetu ma'am to work hard, an uncanny episode where Padma ma'am taught me to stand for one's beliefs, have helped me reach this far. My success is a story with chapters from the teachings of some of the best teachers from our school.

Their teachings and scolding have all been a blessing in disguise. I owe it to my teachers. Forever grateful!

Hello readers!

I am Nitish Lalchandani, a chartered accountant practicing in Kanpur. I am an ex-student of Sir Padampat Singhania Education Centre, passed out in 2009. My school has helped me in achieving great heights by uplifting me throughout my journey here. The friendly environment, the systematic approach towards imparting education at SPSEC made me a competent individual. The wide range of activities- both curricular and co-curricular has been really very helpful. This school has nurtured me with care as the almighty does. The support of the teachers was over and beyond limits with strong intentions to mould us to perfection. The teachers are really very kind and approachable when any need arises. They focus on students' career goals with proper guidance in selecting the most suitable specialization based on one's strengths and passion. They are very supportive and encourage students to push boundaries to rise above expectations. The various co-curricular activities have built confidence and leadership skills in me. The ambience of the school has always been so positive and encourages

learning. I took admission here in Senior Kindergarten and remained its part till class XII. The 13 years of time spent with this school was the best time I had in my life and every moment spent in this campus is still precious. The knowledge and transformation I had with this school is the reason I find myself successful today. I am FCA now and have been working for the past 8 years. Chartered Accountancy is not only a profession but also a responsibility towards nation building, this profession also focuses on the ethical behaviour one must have for their society. SPSEC has inculcated these ethics in me which has made me to stand ethically in my profession imparting the best to the society and the nation. SPSEC is not just a name but a brand and I feel grateful in being associated with such an institution. I have been waiting for an opportunity to convey my warm regards and be thankful to my school.

Thank you for everything.

What is the Goal of Human Life?

The Reason For Purushartha In Humans Humans and other living beings are similar in several respects; a) they seek food, b) take rest, c) try to protect themselves from the external world (i.e. seeking security) and d) propagation of the species.

The differentiating factor is the faculty of thinking, the intellect (Buddhi). Humans are capable of judgement, reasoning, reminiscing about the past, projecting into the future and planning one's actions. Only humans are capable of these tendencies. Animals and plants live a life based on pre-programmed instincts.

1) Artha – The Endless Search For Security

Artha stands for all forms of security in life: wealth, power, influence and fame.

For humans ,there is no end point. There is no end to the sense of want. The endlessness of human struggle to fulfill their wants can be seen by analyzing experiences.

2) Kama – The Mercurial Nature of Pleasure

Artha stands for all forms of security in life: wealth, power, influence and fame.

For humans ,there is no end point. There is no end to the sense of want. The endlessness of human struggle to fulfill their wants can be seen by analyzing experiences.

3) Dharma – Ethics

Human action has an immediate tangible result and an unseen result. The unseen result accrues in subtle form to the account of the “doer” of the action. And in time, this result will manifest as either a “good” or “bad” experience in the life of the “doer”, something pleasurable or painful.

If the action had been bad, breaking the norms of Dharma, the subtle result is Papa (demerit), which manifests as a “bad” or painful experience in this life or a future one.

4) Moksha – Liberation Or Freedom

Moksha, like Dharma, is a pursuit peculiar only to humans.

Few recognize that what they want is not more security or pleasure or Punya, but freedom from all “binding” desires, freedom from the sense of insecurity.

Moksha is inner freedom, freedom from slavery or attachment to Dharma, Artha and Kama

The Ultimate Human Goal

Freedom from the sense of bondage is self-mastery. I am no longer a slave, but a master.

Moksha is liberation or freedom from attachment to Dharma, Artha and Kama - IS THE GOAL OF HUMAN LIFE.

Appreciation

The value of appreciation

"A person's greatest emotional achievement is to feel appreciated." The language of appreciation has magic in it. Even an infant responds to this & gets up again after falling repeatedly in an attempt to walk. A mother encourages the infant by cheering him up whenever he stumbles and the baby tries to walk again even though it is very obvious that he will fall again. It is the mother's appreciation that instills a sense of confidence in him. In today's world, the greatest need of a person, both Emotional and psychological, is love & appreciation.

People start producing excellent results when they are appreciated for their effort. It is a slow process but one which gives steady results and hence, must be brought into daily practice. People who are dear to you, must never end the thought of being neglected by you. A small conversation can forge an unassailable bond.

Importance of appreciation towards kids

A study suggests, that till a child reaches the tender age of 17, he has heard a "no" 1,50,000 times while hearing a "yes" only 5000 times; much less than the number of negative responses he has heard. If the child has someone who can boost his confidence and appreciate every effort towards the goal the within no time they will be fearless and can achieve anything they have ever wished for, as nothing is impossible. Teenagers are more happy and comfortable with their friends than with family, the biggest reason being parent's lack of appreciation towards their kids. Stop comparing as every child is different and deserves the chance of exploring their capabilities and proving their talented self to the world especially to their parents. Last but not the least, we should appreciate our parents & never forget their sacrifices they make in order to let us live the life we wish for. Their unending support is what keeps you going towards a worthy living.

श्रीमती मनोरमा गोविन्द हरि जी सिंघानिया
चेयरपर्सन

भगवान द्वारिकाधीश जी की महती कृपा से विद्यालय पत्रिका का नवीन साज – सज्जा से युक्त 'पद्मज्योति' (2019–20 अंक) प्राप्त कर अपार प्रसन्नता हुई। नववर्ष! नववर्ष! नव उत्कर्ष की झाँकी मिली। पद्मज्योति ज्ञान की एक मशाल और संस्कारों की एक खान है! पद्मज्योति बच्चों के नवव्यक्तित्व-निर्माण की पत्रिका है। शिक्षकों, बच्चों और अभिभावकों के अथक प्रयास, कठोर श्रम और समर्पण का एक सुन्दर दर्पण है। पद्मज्योति जो यह उद्घोष करती आगे बढ़ी चली जा रही है। हम श्रम के शिखर पर विराजमान हैं।

हम निर्माण के राजकुँवर, छू लेंगे सर्वोच्च शिखर।
कर्मयोगी की संतानें हम, कर देंगे अपनी जाँ न्योछावर।

मुझे खुशी है कि हमारे विद्यार्थी यत्र- तत्र – सर्वत्र दीप्तिमान ज्योति के समान चमक रहे हैं। विद्यालय समाज व देश के प्रति प्रेम उनके हृदय में हिलोरें ले रहा है। एक आदर्श नागरिक बनने के लिए संस्कारों की जिस गहरी बुनियाद की आवश्यकता होती है वह हमारे शिक्षकों द्वारा बाल्यकाल में ही तैयार कर दी जाती हैं। जैसे अहंकार विहीनता, परोपकार, विनम्रता, परिश्रम अनुशासन, दया, प्रेम सहानुभूति, तप, त्याग, समर्पण आदि। ये सब उनके चरित्र और व्यक्तित्व में बचपन से ही शिक्षकों द्वारा अंकुरित कर दिए गए हैं जिन्हें अभिभावक प्रेम पूर्ण सींच रहे हैं और अंकुर के वृक्ष बनने में हमारी सहायता कर रहे हैं।

ऊर्जावान व सुसंस्कारों से सम्पन्न अपने बच्चों को मेरा यही संदेश है कि ज्ञान और कला के लिए सदा समर्पित रहो। ऊँचाई कितनी भी पाओ पर ध्यान रहे कि तुम्हारे साथ की छाया कभी लुप्त न हो। निर्वैर, निर्भीक अपनी संस्कृति व श्रेष्ठ परंपराओं की लीक पर चलते हुए नए परिवर्तनों और तकनीकों को आत्मसात करो।

याद रहे –

प्रज्वलित हो हमने ग्रहों की शून्यता को उजाला दिया है।
प्रतिनिधित्व सूर्य का हमने करके एक प्याला तप का पिया है।

बच्चों! हम कोई भी काम करें बाधाएं आएगी जरूर,
परंतु तुम्हारे दृढ़ संकल्प के सामने बाधाएँ टिकेंगी नहीं।

पद्मज्योति के हमारे नवोदित लेखक ये प्यारे बच्चे प्रशंसा के पात्र हैं जो कहानी, नाटक, कविताओं के द्वारा अपनी सृजनात्मकता का इतना सुंदर परिचय दे रहे हैं। उनकी रचनात्मकता और तार्किक क्षमता पर मैं पुनः पुनः उनकी सराहना करती हूँ। उनके सभी लेख, कविताएं, उनकी अपूर्व प्रतिभा के झरोखे हैं।

प्यारे बच्चों! आपके प्रयासों से ही अपना देश उन्नति के नए आयाम गढ़ेगा, राष्ट्र का नव अभ्युदय होगा। देश के भावी नागरिक होने के नाते समाजोत्थान के महान यज्ञ में श्री द्वारिकाधीश जी की अनंत आशीर्वाद भरी छत्र-छाया आपको असीम शक्ति दे और पुराने सभी कीर्तिमान तोड़कर आप नए कीर्तिमान स्थापित करें।

आपको भगवान द्वारिकाधीश जी के अनंत आशीर्वाद!

सम्पादकीय

सर पदमपत सिंहानिया एजूकेशन सेंटर, रूपी ज्ञान मंदिर की स्थापना को सैंतीस बसन्त बीत गए, पर जब हृदय पीछे मुड़ कर देखता है तो यह सच नहीं लगता प्रतीत होता है कि अभी कल ही तो शुरू हुई थी यह यात्रा। ऐसा भी कहीं होता है हाँ, कभी—कभी हर असंभव संभव हो जाता है और हर संभव असंभव। विद्यालय के पाठशाला से संस्कारशाला में बदलने के पीछे हमारे संस्थापक परिवार के जप—तप, धर्म—नीति, न्याय, उद्योग—परिश्रम, अनुशासन का गर्वीला इतिहास छुपा है, जिसमें सर्वोपरि है लोक मंगल की भावना, लोक सेवा का पुनीत संकल्प! बालकों के चहुँमुखी विकास हेतु विद्यालय सभी दिशाओं में गौरवपूर्ण गति से आगे बढ़ रहा है, नए—नए कीर्तिमान बना रहा है, चाहे एकेडेमिक फील्ड हो या पाठ्य सहगामी गतिविधियाँ। खेल—कूद का क्षेत्र हो या प्रतियोगिताओं का कड़ा प्रतिस्पर्धी संसार।

मूल्यों की अवहेलना करने वाली शिक्षा प्रणाली, अपनी संस्कृति का तिरस्कार करने वाली आधुनिक जीवन शैली, प्रकृति संरक्षण की उपेक्षा करने वाला विकास और स्वास्थ्य को तिलांजलि देने वाली शैली से बच्चों को बचाकर रखने के लिए विद्यालय बालकों को प्रशिक्षित कर रहा है क्योंकि यही खुशहाल राष्ट्र के भावी कर्णधारों के व्यक्तित्व की आधारशिला है। नैतिक मूल्य, संस्कार, अदब—कायदा, ईमानदारी, विनम्रता और शिष्टता से संपन्न हमारे बच्चे निश्चय ही नया भारत बनाने में अपना अप्रतिम योगदान दे रहे हैं और भविष्य में भी देंगे।

सर्वतोमुखी विकास का अवसर, प्रत्येक छात्र—छात्रा को मिलता हुआ देखकर विद्यालय परिवार तो अभिभूत है ही, माता—पिता अभिभावक भी अति प्रसन्न हैं। बोर्ड परीक्षा में सर्वाधिक अंक प्राप्ति हेतु, उन्हें सम्मानित किया जाना अलंकरण समारोह में अधिकतम अंक प्राप्त करने

पर छात्रवृत्ति और किसी भी एकेडेमिक अथवा खेल—कूद प्रतियोगिता में अव्वल छात्रों को आगे बढ़ाने हेतु विशेष योजनाएं हमारे ऐसे प्रभावशाली घटक हैं, जिन्हें अन्य विद्यालय में देखना कदाचित ही संभव हो।

अनुभव, अनुकरण, तुलना, विशेषज्ञों की वक्तृता और प्रयोगिक क्रियाओं पर यहाँ शिक्षा निर्भर है न कि केवल क्लास टीचिंग पर। उनके हृदय, मन और आत्मा को प्रशिक्षित करने का हमारा प्रयास है। हम नहीं मानते कि बच्चा अक्षम है, कमजोर और अपूर्ण है। हम सर विलियम वडर्स वर्थ के "The Child is Father of Man" उक्ति के समर्थक हैं। अगर कहीं कमी है भी तो हम उसे विभिन्न तरीकों से दूर कर निपुण और पूर्ण बनाने का प्रयास करते हैं, जिसकी झाँकी आपको उनके श्रम, तप, अनुशासन, जीवन मूल्यों, लेखों, कविताओं, कहानियों में अवश्य दिखाई देगी। पदमांजलि के झरोखे में बैठ कर देखिए।

शिक्षक, आलोचक या समीक्षक की दृष्टि से नहीं, अपने बच्चे के प्रथम प्रयास की तरह इन्हें पढ़ें, जिस प्रकार अपने चलने के क्रम में बच्चा लड़खड़ा कर गिरता है तो हम उसे शाबाश कह कर प्रोत्साहित करते हैं, सच मानिए आनंद और तृप्ति के सुहावने आबशार में आप भीगने लगेंगे। इसी भीगे तन—मन से उन्हें आशीर्वाद दें। जीवन में माता—पिता, गुरु और पूज्य—जनों के आशीर्वाद असंभव से असंभव लक्ष्य को भी उपलब्धियों में बदल देते हैं।

हम खार में खुशबू—ए—चमन बन के रहे हैं।

हम वक्त के माथे पर शिकन बनके रहे हैं।

हम अपने बुजुर्गों का चलन बनके रहे हैं।

हर दौर में हम नाज़—ए—वतन बनकर रहे हैं।

हमारे ज्ञान मंदिर के बच्चे शायर के इसी सत्य के साक्षात् प्रतिबिम्ब हैं।

(विद्यालय के वार्षिकोत्सव २०१९ के शुभ अवसर पर चेयरपर्सन श्रीमती मनोरमा गोविन्द हरि जी सिंहानिया के उद्गार..)

श्री द्वारिकाधीश जी को नमन करते हुए मैं मुख्य अतिथि महोदय, अभिभावकगण और प्यारे बच्चों का अभिनन्दन करती हूँ और इस उत्सव में आए सभी अतिथियों का हार्दिक स्वागत करती हूँ माननीय मुख्य अतिथि श्री मोहित अग्रवाल जी, इन्सपेक्टर जनरल ऑफ पुलिस, कानपुर रेन्ज की मैं विशेषरूप से आभारी हूँ जिन्होंने इस कार्यक्रम में उपस्थित होकर हमारे बच्चों का उत्साह वर्धन किया!

हमारा विद्यालय सुनहरे सपनों को केवल दिखाता ही नहीं, उन्हें सच भी करता है! एक मायने में यह स्पर्धा और चुनौतियों का एक ऐसा संस्थान है, ऐसा ज्ञान का मन्दिर है जो बच्चों को अपना दूसरा प्यारा घर लगता है! यह भविष्य के कर्णधारों की नींव मजबूत करता है जिससे वे संगठित राष्ट्र का निर्माण करने में भरपूर सहयोग दे सकें!

37 वर्ष पूर्व स्थापित यह विद्यालय बच्चों के चहुंमुखी विकास में अपूर्व योगदान दे रहा है! मेरे बच्चे, टीचर्स, पेरेन्ट्स, मैनेजमेन्ट अपनी इस संस्कारशाला में चेयरमेन साहब के विजन को पूरा करने हेतु श्रद्धा और लगन से अपने-अपने कर्तव्यों का पालन कर रहे हैं! यह विद्यालय Sports education, Extra curricular activities और Best Infrastructure के अलावा विशेषरूप से सर्वश्रेष्ठ Academic के कारण पुरस्कृत किया जाता रहा है! चेयरमेन साहब के साथ कई दशकों से जुड़े रहे श्री एन. पी. अग्रवाल जी एवं श्री पार्थो.कर जी का इसमें बहुत बड़ा योगदान है! जो विद्यालय का सौभाग्य है।

चेयरमेन साहब के पश्चात इस संस्थान को पिछले 5 वर्षों से यथावत आगे ले जाने में श्री अग्रवाल जी की विशेष भूमिका रही है! Academic और Discipline पर हमारे विद्यालय का विशेष ध्यान केन्द्रित है! इसी कारण हमारे बच्चे अच्छी Universities, IITs, IIM आदि संस्थानों में Admission लेकर और विदेश जाकर हमारे विद्यालय का नाम रोशन कर रहे हैं! हमारी Digital Learning unique है! सभी कार्य Digital सम्पन्न हो रहे हैं! Wi-Fi की facility पूरे समय विद्यालय को उपलब्ध है! विद्यार्थियों को Google पर असाइनमेन्ट्स दिये जा रहे हैं फलस्वरूप उनकी गलतियाँ तुरन्त दूर हो जाती हैं, अभ्यास पक्का होता है साथ ही result भी एकदम मिल जाता है! Students' counseling के लिये हम Experts की सहायता ले रहे हैं! टापर्स के लिये मेन्टर्स की सहायता ली जा रही है! समय समय पर parents से संवाद विद्यार्थियों के overall development में बहुत सहायक सिद्ध हुआ है! Management के मार्गदर्शन, Teachers के पथप्रदर्शन, बच्चों के कठोर श्रम और अभिभावकों के सक्रिय सहयोग से हम उत्तम Board Result दे रहे हैं! हमारे परिश्रमी, कुशल, सुयोग्य व talented teachers प्रशंसा के पात्र हैं!

प्यारे बच्चों! शिक्षकों के ज्ञान और क्षमताओं का सबसे अधिक लाभ तभी उठाया जा सकता है जब हममें एकलव्य जैसी गुरुभक्ति और उनके प्रति निष्ठा हो और नियमित अभ्यास करें तभी स्वयं को सर्वश्रेष्ठ सिद्ध करने में अवश्य सफल होंगे! मुझे इस बात पर गर्व है कि हमारे बच्चे नैतिक मूल्यों जैसे आदर, परोपकार, शालीनता, विनम्रता और जिम्मेदारी का अहसास करने वाले तथा अनुशासन-प्रेमी हैं!

आशीर्वाचनावली

प्यारे बच्चों! एक सफल मनुष्य बनने के लिए अहंकार विहीनता बहुत जरूरी है! शिक्षित एवं सफल होने के लिए महाभारत का वह प्रसंग अहंकार रहित होने की याद दिलाता है जिसमें अर्जुन श्रीकृष्ण की असीम कृपा प्राप्त कर लेते हैं क्योंकि वह अहंकार से परे और संस्कारों से शिक्षित हैं, जबकि अशिक्षित दुर्योधन जो अहंकारवश श्रीकृष्ण के साथ तनकर खड़ा था, अपना सर्वस्व खो देता है यहाँ तक कि अपना जीवन भी! इसलिए हमें शिक्षा के साथ विनम्रता को प्रमुख गुण मान कर चलना है और मेरे बच्चों में वे गुण विद्यमान हैं जिसे मैं श्री द्वारिकाधीश भगवान का आशीर्वाद और आपके सहयोग का परिणाम मानती हूँ! कर्मयोगी और शिक्षाविद चेयरमैन श्री गोविन्द हरि जी सिंघानिया के विजन को साकार करने के लिये हम उनके पदचिहनों के आलोक में विश्वास के साथ आगे बढ़ रहे हैं!

जीवन एक बंधी बंधाई लकीर में नहीं चलता, यह विविध धाराओं में बहता है इसलिए आज वार्षिकोत्सव की प्रस्तुत थीम में विविधता है! उसमें एक ओर श्रीकृष्ण की वंदना है तो दूसरी ओर मातृभूमि के सेवक क्रान्तिकारी भगतसिंह के जीवन की झांकी है! आत्मा को आनन्दित करने वाले नृत्य भी हैं! और कानों में मिश्री घोलने वाले एकल व समूह गीत भी! इन विविध कार्यक्रमों से आप अति प्रसन्न हो जाएंगे— ऐसा मेरा विश्वास है! बच्चों की बहुमुखी प्रतिभा देख कर आप चकित हुए बिना नहीं रह सकेंगे!

मेरे प्यारे बच्चों! मेरा आपको यही सुझाव है कि यदि आप हमेशा सही सोच के साथ चलें, आपको आगे बढ़ने से कोई नहीं रोक सकता!

मुझे किसी कवि की यह पंक्तियाँ याद आ रही हैं:

**हम अनुगामी उन पाँवों के, आदर्श लिये जो बढ़े चले,
बाधाएं जिन्हें डिगा न सकीं, जो संघर्षों में अड़े रहे!!
सर पर मंडराता काल रहे, करवट लेता भूचाल रहे,
पर अमिट हमारा नाम रहे, बढ़ना ही अपना काम रहे!!**

मैं माननीय मुख्य अतिथि जी का पुनः एक बार आभार व्यक्त करती हूँ कि आप अपने व्यस्त कार्यक्रम से समय निकाल कर यहाँ आए। मुझे पूर्ण विश्वास है कि आपके प्रोत्साहन और आशीर्वाद से हमारे यह भावी कर्णधार उन्नति की बुलन्दियों को अवश्य प्राप्त कर लेंगे!

किसी ने सही कहा है:

**सवार हो जाए जब जुनून सिर पर कि कुछ पाना है!
रह जाएगा फिर क्या दुनिया में जो हाथ नहीं आना है!!**

धन्यवाद!

जय श्री कृष्ण!

श्रद्धेय चेयरमैन श्री गोविन्दहरि जी सिंहानिया : एक लोकसेवी नायक

हमारी संस्कृति का यह तुमुल उद्घोष है कि पंचतत्व नष्ट हो जाते हैं परन्तु आत्मा का अस्तित्व अजर-अमर है और यह भी कि सूक्ष्म आत्मा सतत क्रियाशील रहती है जिस आत्मा ने आजीवन लोकसेवा, लोकमंगल और जन-कल्याण के ही कार्य किए हों, वह आत्म स्वरूप पुरुष दिवंगत होकर भी उसी सद्वृत्ति को धारण किए परोपकार में ही अहर्निश निरत रहता है। जितने भी महापुरुष हुए हैं, वे आध्यात्मिक परिवेश, संस्कारों, स्वभाव और धर्म प्रधान परिवारों से निकल कर आए हैं, आते रहे हैं। हमारे चेयरमैन सर जी की आध्यात्मिक पृष्ठभूमि बड़ी सशक्त थी, चाहे पिता सरसाहब हों या दादा कमलापत जी साहब अथवा परदादा लाला जुग्गी लाल जी सभी श्री द्वारिकाधीश जी के अनन्य भक्त रहे हैं। अतः भक्ति, प्रेम और करुणा की इस रंगशाला में हमारे श्रद्धेय चेयरमैन साहब श्री गोविन्द हरि जी सिंहानिया का भी तन-मन श्रीकृष्ण के श्याम रंग में रंग गया था। वे तो बस कर्तव्य भाव से उद्योगों के विस्तार व रखरखाव में लगे हुए थे परन्तु अन्तरात्मा से वे शुद्ध रूपेण एक लोक सेवक ही थे। उद्योगपति का आवरण ओढ़े वे श्री द्वारिकाधीश जी के अप्रतिम भक्त और अनन्य सेवक थे। चेयरमैन साहब जी की कृष्णप्रेमाभक्ति की चरमसीमा यह थी कि उन्हें प्रत्येक बालक-बालिका में अपने आराध्य श्री कृष्ण और श्री राधा जी की छवि भासती थी। वे बच्चों को मुग्ध भाव से निहारते रहते और भक्ति के पूज्यभाव में खोए रहते। इस तरह कर्तव्यपूर्ति के साथ-साथ उनकी साधना भी चलती रहती और 'कृष्ण-कृष्ण' जाप तो साँसों में रम ही चुका था।

हे श्रद्धेय! ओज से मंडित है व्यक्तित्व तुम्हारा।
पृथक सभी से है अविचल अस्तित्व तुम्हारा।
उद्योग या धर्म, स्वयं सिद्ध व्यक्तित्व तुम्हारा।
विविध विधाओं में बिम्बित वंदित कृतित्व तुम्हारा।
पुत्र-कलत्र सभी में मुकलित है मनुष्यत्व तुम्हारा।
हे सहज सरल सुषमा के सागर! अतुलित प्रेम तुम्हारा।
प्रेम-भक्ति सेवा की मूरत, जन-जन से नेह-दुलारा।
हे श्रद्धेय! ओज से मंडित है व्यक्तित्व तुम्हारा।

बहुमुखी प्रतिभा के धनी चेयरमैन साहब में अन्यान्य इतनी विशेषताएँ थी कि सहसा विश्वास नहीं होता। संगीत, नृत्य, शिक्षा, खेलकूद, नाटक आदि सभी विधाओं के उत्कर्ष के लिए सजग और सक्रिय! पर्यावरण की शुद्धता के लिए प्राण-पण से प्रयत्नशील, शिक्षकों के प्रति सम्मान भाव से भरे हुए चेयरमैन साहब समय-समय पर जो कह गए, वह वेद उपनिषदों का सार है और हमारे लिए वचनमृत! इन्हीं में से कुछ सारगर्भित वचन बच्चों के लाभार्थ यहाँ प्रस्तुत किए जा रहे हैं।

1. जगत के मूलाधार श्री कृष्ण हैं। यह संसार ही उनका विराट रूप है। अतः जनसेवा, श्रीकृष्ण के विराट रूप की पूजा है। (विद्यालय में 'दिशा' अथवा 'चैरिटी डे' का आयोजन उनके इसी विचार के परिणाम हैं।)
2. बालक ईश्वर रूप हैं। उन्हें कोमलता व रचनात्मकता के साथ विज्ञान समन्वित धर्म और धर्म समन्वित विज्ञान की शिक्षा दी जानी चाहिए।
3. वही वापस लौटता है, जो हम देते हैं। शुभ और अशुभ फल हमारी ही किसी क्रिया की प्रतिक्रिया हैं, जैसे फेंका हुआ गेंद उतनी ही तीव्रता से वापस आता है, वैसे ही हमारा किया हुआ कर्म, विचार, वचन यहाँ तक कि सोच तक वापस आती है।
4. अगर हम परिवार वृक्ष बनाएँ तो देखेंगे कि सबसे ऊपर हमारे दादा-दादी माता-पिता और फिर हम हैं। हम तो सबसे नीचे हैं अतः हम उनका विशेष आदर करें क्योंकि बुजुर्गों के स्मरण से सिद्धि, शुभता व सफलता आदि सब कुछ प्राप्त होती है। पूरे विश्व में केवल हमारी संस्कृति में ही बुजुर्गों के प्रति श्रद्धा व आदर व्यक्त करने के लिए साल में पूरे पन्द्रह दिन पितर पक्ष के रूप में आरक्षित कर दिए गए हैं- यह थी हमारे ऋषि मुनियों की सुन्दर व्यवस्था।
5. धर्म जीवन का प्राण है, धर्म है तो अर्थ है, विवेक है, प्रज्ञा है, चैतन्य है, प्रगति है। धर्म नहीं तो कुछ भी नहीं है।

6. वास्तविक शिक्षा का अर्थ है, नीति और मूल्यों का व्यक्तित्व व चरित्र में जड़ हो जाना। लगातार स्वाध्याय करते हुए सत्साहित्य पढ़ते रहिए। बालक के समुचित विकास के लिए संस्कार नैतिक मूल्य, संयम और कर्तव्यबोध का बड़ा महत्वपूर्ण योगदान है।
7. श्रीमद्भागवतगीता अनुकूल और प्रतिकूल सभी हालातों में संतुलन एवं समन्वय बनाए रखने की शिक्षा देती है। इसमें जीवन की सभी समस्याओं का समाधान है, अतः प्रतिदिन दो श्लोक पढ़ो।
8. सात्विक भोजन और योग शरीर और मन दोनों के स्वास्थ्य के मूल आधार हैं। तामसी भोजन तन-मन दोनों के लिए अस्वास्थ्यप्रद है।
9. ईश्वर ने उपार्जन हेतु दो हाथ दिए परन्तु उदर भरण-पोषण हेतु मुख एक ही प्रदान किया, जिसका सैद्धान्तिक अर्थ है, अपनी कमाई का आधा भाग स्वयं रखो और आधा भाग लोकमंगल, ईश्वरीय कार्यों के लिए लगा दो।
10. आदर्श नागरिक होने का अर्थ है, धन्यवाद देने में अग्रणी, शिकायत करने में अंतिम।
11. जो आदमी अच्छे काम करके उसका अहंकार पालता है, वह उसका पुण्य भी बाँध देता है।

उनके सिद्धान्तों, आदर्शों और मूल्यों का मूर्तिमान रूप हैं हमारी वर्तमान चेयरपर्सन श्रीमती मनोरमा गोविंद हरि जी सिंघानिया, जिन्होंने इस गुरुत्तर उत्तरदायित्व को बिल्कुल उसी रूप में वहन किया और कर रही हैं जैसे—चेयरमैन साहब किया करते थे। सब कुछ करते हुए भी वे कर्ताभाव से दूर हैं और विद्यालय की प्रगति—उन्नयन व उत्कर्ष को केवल और केवल श्री द्वारिकाधीश जी की कृपा मानती हैं, जिसे श्री द्वारिकाधीश जी शक्ति—बल देकर करवा रहे हैं, बल्कि यों कहना अधिक उचित है कि स्वयं द्वारिकाधीश जी ही सब कुछ कर रहे हैं और चेयरपर्सन श्रीमती मनोरमा गोविंद हरि जी सिंघानिया तो बस निमित्त मात्र हैं। अहंकार तो उन्हें छूकर भी नहीं निकला। विनम्रता,

शालीनता, अनुशासन व परिश्रम की मिसाल हमारी चेयरपर्सन श्री राधाकृष्णभक्ति में इतनी तन्मय हैं कि सभी बच्चे उन्हें कन्हाई और राधा की प्रतिच्छवि प्रतीत होते हैं। उनके समस्त कार्य श्री द्वारिकाधीश जी के नाम से आरंभ होते हैं और उन्हीं की कृपा से समाप्त!

हमारी चेयरपर्सन श्रीमती मनोरमा गोविंद हरि जी सिंघानिया का मानना है कि शिक्षा संस्थान राष्ट्र की मजबूत बुनियाद हैं और शिक्षक राष्ट्र मंदिर निर्माण के समर्पित शिल्पकार। विद्यालय में समय समय पर विशेष पूजा—हवन—यज्ञ आदि का उनके द्वारा आयोजन करवाना शुद्ध और संस्कारी वातावरण के निर्माण में बड़ी अहम भूमिका निभाता है। उच्च लक्ष्यों को प्राप्त करने में परमात्मा की कृपा की महती भूमिका है। उन्हीं की कृपा से ही उन्नति और विशिष्ट उपलब्धियाँ प्राप्त होती हैं। 'यथा राजा तथा प्रजा' नियमानुसार उनकी आस्तिकता, अनुशासन प्रियता, उदारता और परदुःखकातरता से विद्यालय में बड़े पाजीटिव वातावरण का निर्माण होता है। उनके मातृवत संरक्षण के कारण ही विद्यालय बच्चों को अपना दूसरा घर लगता है। बच्चों की ही नहीं शिक्षकों और कर्मचारियों की किसी भी जरूरत को उन्हें बताने की आवश्यकता नहीं पड़ती, उन्हें स्वयंमेव ध्यान रहता है। जैसे स्वच्छ आइने में प्रतिबिम्ब दिखता है वैसे ही समक्ष आए व्यक्ति को बड़ी सरलता से पढ़ लिया करती हैं। परहित और लोकमंगल की भावना से भरा उनका व्यक्तित्व पूजनीय है।

उनकी छाँह हमारी पीढ़ी पर ही नहीं, आने वाली पीढ़ियों पर भी सदा बनी रहे। उनका वरद हस्त हमारे शीश पर छत्र सा तना रहे— यही हमारी प्रार्थना है और यही हमारी कामना भी।

सर पद्मपत जी सिंहानिया :

एक संत व्यक्तित्व

हे लोक मंगल के प्रणेता, संत प्रवर !
तपन में शीतल मंद बयार तुम !
भवमरु में हो मरुद्यान तुम !

ऊष्मा में कण तुहिन के,
विपिन में हो तरु मलय के,
संगीत में मीठा तरन्नुम!

और क्या-क्या हो, नहीं मालूम मन को !
हे लोक मंगल के प्रणेता, संत प्रवर !

मुक्ताओं में रत्न दुर्लभ !

प्रार्थना में क्षण मधुरतम,

रसों में करुणा हो रस तुम,

नियति के अनगिन वरों में,

सर्वोत्तम वरदान हो तुम !

हो चिर सुहाग के कुमकुम !

हे लोक मंगल के प्रणेता, संत प्रवर !

रहे प्रिय प्रतिपल सभी के,
बन गये प्रतिरूप गुरु के
धरा पर हो चक्रवर्ती भूप से !

शीत में हो गुलाबी धूप से
नहीं कभी विभक्त प्रभु से।
हो संग द्वारिकाधीश जी के !

हे लोक मंगल के प्रणेता, संत प्रवर !

सांसों के अन्तिम प्रहर में

प्रेम की चंचल लहर में

ध्यान के गहवर गहन में

देखते थे कृष्ण योगीश्वर !

कहते छोड़ा तन ये नश्वर !

हे गोविन्द ! हे प्राणेश्वर !

हे लोक मंगल के प्रणेता, संत प्रवर,!

फिर चिर प्रतीक्षित गोद में
चिर विश्राम और चिर मोद में
कर बन्द पलक अवगुंठन को
लूँ चिर निद्रा विनोद-विनोद में
थी आकांक्षा मोद-मोद में।

निज स्वरूप की ली अनुभूति
जयति जयति हे युग विभूति!

सप्तघटामृत

1. अमृत का विस्तार करते जाओ, विष की बूँद कहीं मत डालो, तुम्हारा प्रेमपूर्वक व्यवहार अमृत है और द्वेषपूर्ण व्यवहार ही विष है।
2. जब हमारे हृदय में आनंद रहता है तब बाहर का शोक हमारे ऊपर असर नहीं करता।
3. जो कभी कुछ सोचते नहीं हैं, वे हमेशा बातें करते हैं।
4. जो अपराधी होता है उसको हर समय यह भय लगा रहता है कि हमारी बात कोई कह न दें। गलत कार्य करने वाला सदा शंकित रहता है।
5. अपने को थोड़ा जाग्रत और सावधान कर लेने से हम उच्चतर मानसिक चेतना में वास करने लग जाते हैं।
6. खंडन करने विरोध करने बातचीत या बहस करने के लिए मत पढ़ो बस आकलन करने और समझने के लिए पढ़ो।
7. फूल समीपता पर सुवास देता है अग्नि की निकटता तपिश देती है इसी तरह सत्संगति मनुष्य को गुणों से भर देती है।

खुशी की खोज

(“खोजी हो तो स्वयं को जान’.....वास्तव में खुशियाँ भौतिक वस्तुओं की मोहताज नहीं है। सच्ची खुशी तो हमारे हृदय में ही समाई है। इसी वास्तविकता से परिचित करवा रही हैं त्रिशा.....)

एक दिन उमंग में,
निकली अपनी धुन में,
ढूँढने खुशी का पता,
आखिर उसका घर है कहाँ।

खुशी हंसी टिठोलियां,
कहाँ है इसकी टोलियाँ।

चलो खोजे मिलकर उन्हें,
और भर लै अपनी झोलियां।

खिलौनों की दुकान में,
खूबसूरत मकान में,
चमचमाती कार में,
व्यंजनों या पकवान में,
सुंदर कपड़ों के ढेर में,
या मनमानियों के फेर में,
सिक्कों की खनक में,
या नोटों की महक में।

सबसे खुशी मिली मगर,
न टिक पाई लम्बे पहर,
फिर टटोला अपने अन्दर,
वहाँ पाया खुशियों का घर।

शिक्षक

(“जीवन में शिक्षक का महत्त्व से परिचित करवा रहे हैं यशोवर्धन.....)

जीवन में जो राह दिखाए,
सही तरह चलना सिखाए।

मात-पिता से पहले आते,
जीवन में सदा आदर पाते।

मान प्रतिष्ठा हमें दिलाते,
सीखी कर्त्तव्यनिष्ठा जिससे।

कभी रहा न दूर मैं जिससे,
वह मेरा पथदर्शक है जो।

वह मेरा शिक्षक कहलाता।

कभी है शांत, कभी है धीर,
स्वभाव में सदा गंभीर,
मन में दबी रहे ये इच्छा,

काश मैं उस जैसा बन पाता,
वो जो मेरा शिक्षक कहलाता।

बचपन

(बचपन की पवित्रता का बोध करवा रहे हैं, उन्नयन..)

एक दफे की बात है,
जिसकी याद है धुँधली।
चला करता था थामकर,
जब पापा की उंगली।
उछलता था बाग में,
हाथों से छूने तितली।
मचलता था रास्तों पर,
खाने को टंडी कुल्फी।
रात में भागता छत पर,
गुल होते ही बिजली।
झगड़ता जब छोटी से,
पाने को आम की गुठली।
था कागज का हवाई जहाज,
मगर दिलों की उड़ान थी असली।
दौड़ता अम्मा के आँचल को,
जब करता कोई दादा से चुगली।
अब है मुखौटा हर चेहरे पर,
हो गए हम भी हैं नकली।
जी रहे हम सब बेबस,
बनकर वक्त की कठपुतली।

समय का महत्व

घड़ी सदा यह टिक टिक करती
देखो कभी नहीं यह थकती
बिना पाँव के है यह चलती
रात में भी यह है जगती।

रोज सुबह बाबा है आते
इसमें चाबी भर कर जाते।

टिक-टिक-टिक करती रहती यह।
सुनों ध्यान से क्या कहती यह।

कहती, समय बड़ा अनमोल
समझो बच्चों, इसका मोल
कोई भी पल खो न जाए,
गया समय फिर हाथ न आए।

आम की टोकरी

(“अर्णव” का कविता लेखन का एक सुंदर प्रयास...)

छह साल की छोकरी,
भरकर लाई टोकरी।
टोकरी में आम है,
नहीं बताती दाम है।
दिखा-दिखाकर टोकरी,
हमें बुलाती छोकरी।
हम को देती दाम है,
नहीं बुलाती नाम है।
नाम अब नहीं पूछना,
हमें आम है चूसना।
छह साल की छोकरी,
भर कर लाई टोकरी।

चिड़ियों का उत्सव

(सावन मास में मानवों का ही नहीं बल्कि पक्षियों का मन भी अत्यंत प्रफुल्लित हो जाता है।.....)

सावन उत्सव मना रहा है।
गलगलियों का दल नहा रहा है।
जरा खटक ने मन चौंकाया।
क्या है कुछ खतरा मंडराया?
दल का मुखिया है भयभीत।
चलो उड़ चले प्यारे मीत
कौन सोचता हम निर्बल को
विजय सदा समर्थ सबल को।
जो करेगा इनकी चिन्ता
उसका है सारा गुलिस्तां।

होली

(‘होली’ के त्योहार की सुंदरता का अनोखा वर्णन.....)

रंगों का त्योहार है होली!
खशियों की बौछार है होली!
लाल, गुलाबी, पीले देखो,
रंग सभी रंग रंगीले देखो
पिचकारी भर-भर ले आते।
इक दूजे पर सभी चलाते
होली पर अब ऐसा हाल
हर चेहरे पर आज गुलाल
आओ, यारों इसी बहाने
दुश्मन को भी चलो मनाने।
यही है होली का संदेश,
अपने कर लो सब बेगाने।

हमारे पथ प्रदर्शक

(गुरु को ईश्वर जानने वाले आहान के काव्यमय विचार पढ़िए)

माताएं देती नव जीवन,
पिता सुरक्षा करते हैं।

लेकिन सच्ची मानवता
शिक्षक हममें भरते हैं।

सत्य न्याय के पथ पर चलना,
शिक्षक हमें बताते हैं।

जीवन संघर्षों से लड़ना,
शिक्षक हमें सिखाते हैं।

ज्ञान दीप की ज्योति जलाकर
मन आलोकित करते हैं।

विद्या का धन देकर शिक्षक,
जीवन सुख से भरते हैं।

है शिक्षक वही जो जीना भी सिखा दे,
आपकी आपसे पहचान करा दे।

तराश दे वह हीरे सरीखे तुमको,
दुनिया के टेढ़े रास्तों पर चलना सिखा दे।

हमेशा दिखाएं सत्य का मार्ग वो हमें,
हमें एक अच्छा इंसान बना दे।

बताएं वे हमें जीत जाना ही जीवन नहीं,
हारकर जीतने का हुनर वो सिखा दे।

धूल है, धुआँ है, जाम है फिर भी,
हमारा शहर हमारी शान है.....

कानपुर की स्थापना सन् 1217 में राजा कान्हदेव द्वारा हुई। कुछ इतिहासकार सचेंडी के राजा हिंदू सिंह द्वारा वर्ष 1698 या 1750 में कान्हपुर गाँव की स्थापना मानते हैं। नगर की उत्पत्ति का महाभारत काल के वीर कर्ण से संबन्ध होना चाहे संदेहात्मक हो पर इतना प्रमाणित है कि अवध के नवाबों में शासनकाल के अंतिम चरण में यह नगर पुराना कानपुर, पटकापुर, कुरसवाँ, जूही तथा सीसामऊ गाँव के मिलने से बना था। इस नगर का शासन कन्नौज तथा कालपी के शासकों के हाथों में रहा और बाद में मुसलमान शासकों के। 1773 ई. से 1801 ई. तक अवध के नवाब अलमास अली का शासन रहा। 1773 ई. की संधि के बाद यह नगर अंग्रेजों के शासन में आया, फलस्वरूप 1778 ई० में यहाँ अंग्रेज छावनी बनी।

मैं कानपुर हूँ।

24 मार्च, 1803 में अंग्रेजों ने कानपुर को जिला घोषित किया। उस हिसाब से कानपुर के 216 साल पूरे हो गए। कानपुर सेंट्रल स्टेशन 89 साल पुराना हो चुका है। कानपुर कोर्ट तो 219 साल पुरानी है। सन् 1857 के गदर में कानपुर की धरती खून से लाल हो गई। यहाँ की धरती अंग्रेजों के खिलाफ क्रांति की मशाल जलाने वाले अनेकों वीरों जैसे— शहीदे आजम भगत सिंह चन्द्रशेखर आजाद आदि की कार्य व आश्रय स्थली बनी। रानी लक्ष्मी बाई, तात्या टोपे, नाना साहिब, गणेश शंकर विद्यार्थी की आहुतियों का भी साक्षी यह शहर है। समय बीता और यह एक औद्योगिक नगरी के तौर पर विकसित होने लगा। कई मिलें खुलीं इसमें लाल इमली, म्योर मिल, एल्लिन मिल कानपुर कांटन मिल और अर्थटन मिल काफी प्रसिद्ध हुईं। इतिहास की किताबों से ये शहर 'मैनचेस्टर ऑफ द ईस्ट' कहलाया जाने लगा। आजादी के बाद भी कानपुर ने तरक्की की यहाँ आई. आई. टी. खुला, ग्रीन पार्क इंटरनेशनल स्टेडियम बना, आर्डेनेन्स फैक्ट्रियाँ स्थापित हुईं। इस सबके बाद कानपुर का परचम दुनिया में फहराने लगा।

अकेला चना भाड़ फोड़ सकता है?

प्यारे बच्चों!

‘इनोवेशन’ का हिन्दी में शाब्दिक अर्थ है ‘नवोन्मेष’ अर्थात् नयापन। यह नयापन जीवन के हर क्षेत्र में हलचल मचा देता है। ‘हलचल’ अर्थात् प्रसिद्धि और सफलता! यह होती टीमवर्क के ही कारण है और टीमवर्क में एक-एक का अपना महत्व और सहयोग होता है परन्तु टीमलीडर का इतिहास में नाम दर्ज होना ऐसे परिश्रमी सहयोगियों के कारण ही संभव होता है। ऐसे असंख्य उदाहरण समाज में भरे पड़े हैं जिन्होंने ‘इनोवेशन’ के बल पर जीवन में बड़ी-बड़ी उपलब्धियाँ प्राप्त कीं और प्रेरणा के स्रोत बने। ऐसे प्रेरक व्यक्तित्व को आदर्श बनाकर ऊर्जा के पुंज आप भी बहुत कुछ कर सकते हैं। यही समझाना हमारा उद्देश्य है। अरे भाई फोकस्ड होकर आगे बढ़ने से भला किसे मंजिल नहीं मिली?

असंख्य इकाइयों का संगठित समूह है समाज। एक-एक इकाई का अपना बल है, प्रभाव है, सामर्थ्य है, क्षमता है और उससे सब कुछ होना संभव है अगर ऊर्जा को बार-बार के संकल्प-विकल्प में खर्च होने से बचा लिया जाए तो एक अकेला चना भी ऐसा भाड़ फोड़ सकता है कि भाड़ खिल-खिल जाए। देखिए, एक अकेला सूर्य पूरी सृष्टि को प्रकाश देता है। एक चन्द्रमा घोर अंधकार को काट देता है जो असंख्य तारे मिल कर भी नहीं दूर कर पाते। एक सिंह विशाल जंगल का वनराज कहलाता है। एक चाणक्य, एक शिवाजी ने विशाल सुदृढ़ साम्राज्यों की नींव डाली। एक अकेले वकील महात्मा गाँधी ने पूरा दक्षिण अफ्रीका हिला दिया और स्वतंत्रता आन्दोलन को नई धार दी। एक कवीन्द्र रवीन्द्र नाथ टैगोर ने विश्व भारती जैसा महान गुरुकुल बनाकर शिक्षा, साहित्य और कला को नई दिशा दी। यही

नहीं, उनके द्वारा दिया गया “एकला चलो रे” गीत मंत्र बन गया।

शायर ठीक कहता है—

**मैं अकेला ही चला था जानिबे मंजिल मगर
लोग साथ आते गए और कारवां बनता गया।**

एक इंजीनियर श्रीधरन ने समय से पूर्व प्रोजेक्ट समाप्त कर मैट्रोमैन का खिताब पाया। एक अकेले सचिन तेंदुलकर ने पुराने सभी कीर्तिमान ध्वस्त कर दिए। स्वर साम्राज्ञी, कोकिल कंठी लता मंगेशकर की ऊँचाई के समक्ष सभी पुरस्कार बौने हो गए। साधन हीन परिवार के एक व्यक्ति ए.पी. जे. अब्दुल कलाम ने देश को परमाणु शक्ति सम्पन्न बनाया। एक नारायण मूर्ति और एक अजीम प्रेम जी ने विश्व में कम्प्यूटर-व्यापार के झंडे गाड़ दिए। उद्योग जगत में एक अकेले श्री पदमपत जी सिंघानिया ने स्वतंत्रता संग्राम में सक्रिय भागीदारी ही दर्ज नहीं करवाई बल्कि व्यापारियों का विशाल संगठन खड़ाकर के अंग्रेजों को पीछे हटने पर मजबूर कर दिया। एक मदर टेरेसा ने असंख्य अनाथों को नवजीवन प्रदान किया। जबलपुर यूनीवर्सिटी के एक प्रोफेसर आचार्य रजनीश की विचारधारा ने सम्पूर्ण विश्व को प्रभावित किया। अमेरिका में ‘ओरेगाँव’ नाम से पूरा प्रांत बन गया।

दिल्ली के एक छोटे से घर से निकल कर एक शाहरूख खान बॉलीवुड के चहेते कलाकार बने। एक बाबा रामदेव पूरे विश्व में योग का ब्रान्ड बन गए। यह सब एक व्यक्ति की हिम्मत, ताकत और संकल्प से ही तो संभव हुआ। एक लक्ष्मी बाई, एक किरण बेदी, एक कल्पना चावला ने वो हिम्मत और सिफ़त दिखाई कि दाँतों तले उँगली दबानी पड़ जाए। ऐसे असंख्य नाम हैं जहाँ एक ने सफलता का वो

(एक ललित लेख! प्रेरक वाक्यों की एक सुन्दर माला! शब्द-शब्द में पिरोया उत्साह! लेख में समाहित ऊर्जा बच्चों ही नहीं बड़ों के मन को भी संकल्प, आशा और नवशक्ति से भर देगी। एक अकेले व्यक्ति की क्षमता से भी बड़े-बड़े मिशन पूरे हुए हैं, होते रहे हैं! ठान लिया जाए तो क्या नहीं हो सकता?)

शंखनाद किया कि उन ध्वनि तरंगों से सर्वत्र प्रेरक ऊर्जा फैल गई। वे भी एक अभिमन्यु, एक ध्रुव जैसे दृढ़ संकल्पवान से प्रेरणा ले कर आगे बढ़ते गए। ज्यों ही एक साहसी आगे बढ़ता है कि प्रकृति स्वयं सहायता को आकर उपस्थित हो जाती है। पुरुषार्थी से प्रकृति भी डरती है।

आलोचना की किंचित परवाह किए बिना अकेले आगे बढ़कर मिसाल कायम करो। समाज देशहित में जूझ कर देखो, कितने कदम तुम्हारा अनुकरण करते हैं। सिर-आँखों पर बिठाते हैं। कभी मत सोचना कि मैं अकेला कर ही क्या सकता हूँ?

माता जीजा बाई ने अकेले शिवाजी को, महारानी सुनीति ने राजकुमार ध्रुव को और माँ कयाधू ने प्रह्लाद को अकेले ही वो बना दिया जिनके कार्य मानवता को चिरकाल तक प्रेरणा देते रहेंगे, मार्गदर्शन करते रहेंगे। शताब्दियों पर शताब्दियाँ बीत रही हैं पर उनके यश का प्रकाश बढ़ता ही जा रहा है। चिरकाल तक वे इतिहास के स्वर्णिम पृष्ठों पर चमकते रहेंगे। अरे भाई, महात्मा बुद्ध पूरे विश्व में एक ही तो थे। संसार के अनगिनत देशों में उनकी शिक्षाएँ और उपदेश ध्वनित-गुंजित होकर राष्ट्र निर्माण का बायस बने। यही नहीं पूरे के पूरे देश बौद्ध धर्म के अनुयायी बन गए। भौतिक जगत हो या आध्यात्मिक एक अकेले व्यक्ति की क्षमता ने कमाल कर दिखाया है। लिप्टन एक साधारण आदमी था जो चाय की इस कम्पनी का संस्थापक बना और लिप्टन की चाय दुनिया भर में प्रसिद्ध हो गई। यही नहीं थामस लिप्टन एक विश्व प्रसिद्ध व्यवसायी बने। एक टाटा, एक धीरू भाई अम्बानी, एक लक्ष्मी मित्तल (स्टील किंग), एक श्री गोविन्द हरि सिंघानिया ने कड़े परिश्रम से उठ कर विश्व में भारतीय

उद्योग का रूतबा कायम किया।

चेन्नई के एक अकेले व्यक्ति ए. आर. रहमान को विश्व का सर्वश्रेष्ठ गौरवशाली ऑस्कर पुरस्कार मिला। एक पंडित रविशंकर, एक बिस्मिल्ला खान ने संगीत की दुनिया रौशन कर दी। एक अमर्त्य सेन अर्थशास्त्री ने नोबल पुरस्कार की सूची में प्रथम स्थान बनाया। एक यूसूफजई मलाला स्त्री शिक्षा की पैरवी कर आतंकवादियों की गोली खाकर भी लक्ष्य से विचलित नहीं हुई और प्रतिष्ठित नोबल पुरस्कार की हकदार बनी। अकेले होने को कमजोरी या अक्षमता मानना हमारी दुर्बलता है, और कुछ नहीं! ऐसे हजारों नाम गिनाए जा सकते हैं जहाँ एक व्यक्ति ने बीड़ा उठाया और समय की धार मोड़ दी, समय पट पर दृश्य बदल दिया ऐसी सफलता पाई कि नाम पहचान यश, प्रताप— सब उसके अनुचर बन गए।

दूसरे कुछ कर रहे हैं या नहीं, सरकार क्या कर रही है? ये नहीं हो रहा, वो नहीं हो रहा— सब इसी आलोचना— प्रत्यालोचना में पड़े रहते हैं। जो करना चाहिए पर ध्यान न लगा कर हम अपने पतन को निमन्त्रण देते हैं और करने वाले कर गुजरते हैं। अपने बच्चों से मेरा यही संदेश है कि 'उत्तिष्ठ जाग्रत प्राप्यवरान्नबोधत' मंत्र के अनुसार उठो जागो और लक्ष्य के लिए कमर कस कर संघर्ष के महासमर में कूद पड़ो। जब तक सफलता का परचम लहराने न लगे, परिश्रम जारी रखो। अकेला होना वरदान है, अभिशाप नहीं। शुरुआत करिए, लोग पीछे आएंगे ही आएंगे।

आखिर वेदों ने क्यों उदघोष किया है 'अहं ब्रह्मास्मि' क्योंकि हममें वो शक्ति, प्रतिभा, योग्यता, दक्षता व कौशल है क्योंकि हम सचमुच ब्रह्मा के अंश ही हैं। फिर 'पिण्डे सो ब्रह्मांडे' वाली शक्ति हमसे क्या नहीं करवा देगी। अतः संकल्पवान होकर आगे बढ़िए। प्रगति, उन्नति, उत्कर्ष आपके दास होने की प्रतीक्षा कर रहे हैं।

हिन्दी विभाग

प्रतिष्ठा में,
श्रीमान अमिताभ बच्चन जी,

आपको यह सूचित करते हुए हमें अपार हर्ष और गर्व है कि 'हिन्दी दिवस- १४ सितम्बर' के उपलक्ष्य में हमारा विद्यालय विभिन्न साहित्यिक गतिविधियों का मंचन व आयोजन कर 'हिन्दी मास' (१६ अगस्त - १६ सितम्बर) को धूमधाम से सम्पन्न करने जा रहा है।

हमारा विद्यालय पूर्व में भारत के 'मेनचेस्टर' कहे जाने वाले कानपुर शहर के अतिप्रतिष्ठित जे. के. समूह के दिग्गज उद्योगपति, प्रख्यात समाज सेवी सर पद्मपत जी सिंघानिया की अभिलाषा के अनुरूप 'संस्कारी शिक्षा सर्वसुलभ हो' का उद्देश्य लेकर १९८२ में श्री राधा कृष्ण जी के चरणों (जे. के. मंदिर) में स्थापित किया गया था। 2016 से लेकर 2019 तक लगातार शैक्षिक गुणवत्ता तथा अन्य पाठ्येतर श्रेष्ठताओं के कारण 'एजुकेशन वर्ल्ड मैगजीन' द्वारा "Best school award" से इसे सम्मानित किया गया है।

कर्मयोगी और शिक्षाविद हमारे चेयरमैन श्री गोविन्द हरि जी सिंघानिया के स्वर्ण शिक्षा में विज्ञान और धर्म का समन्वय हो, को साकार करते हुए विद्यालय के तीन हजार (ले गुप से कक्षा बारह तक) विद्यार्थी प्रदेश में ही नहीं वरन् सम्पूर्ण देश में सर्वश्रेष्ठ होने की दिशा में नित नए कीर्तिमानों को गढ़ते हुए शिखर की ओर अग्रसर हो रहे हैं।

हमारी वर्तमान चेयरपर्सन श्रीमती मनोरमा गोविन्द हरि जी सिंघानिया भी कर्मयोग की उसी पावन परम्परा की प्रतिनिधि हैं, जिसकी नींव चेयरमैन श्री गोविन्द हरि जी सिंघानिया ने डाली थी। वे ऐसे आयोजनों में विशेष रूचि लेती हैं ताकि विद्यार्थी अपनी संस्कृति व साहित्य के पोषक व प्रेमी बनें। उच्च संस्कारों में बीजारोपण की प्रबल पक्षधर वे छात्र जीवन से ही साहित्यकारों की सचेतनशीलता बच्चों में विकसित होते देखने की बड़ी इच्छुक रही हैं ताकि वे आगे चलकर समाज कल्याण में अग्रणी भूमिका निभाएं।

“डॉ० हरिवंश राय बच्चन स्मृति समारोह “ इस आयोजन की प्रथम कड़ी है, जिसका शुभारंभ १६ अगस्त को एक 'छात्र कवि सम्मेलन' से किया जाएगा। कविता का जीवन में विशेष स्थान है। इसमें हृदय के वे तत्व अन्तर्निहित रहते हैं जिनसे आत्मा की भूख शांत होती है। विद्यार्थीगण 'मधुशाला' और 'मधुकलश' का सरवर पाठ कर महाकवि को अपनी भावभीनी श्रद्धांजलि अर्पित करेंगे।

पावन नगरी प्रयागराज को अपने हृदय में समेटे उत्तर प्रदेश महान कवि व साहित्य पुरोधा पद्मभूषण डॉ० बच्चन की कर्मभूमि रही है और जीवित किंवदन्ती बन जाने वाले आपकी जन्मभूमि! तदर्थ इस पावन अवसर पर आशीर्वाद स्वरूप आपके 'दो शब्दों' की हम हृदय से प्रतीक्षा करते हैं। ये आशीर्वचन हमारे लिए जीवन- निधि तुल्य होंगे।

यदि आप कृपा करके इसे डिजिटल मीडिया के द्वारा भेजेंगे तो बच्चों के उत्साह व प्रसन्नता का कोई पारावार न होगा और हम अति कृतज्ञ होंगे।

अमित आभार के साथ,
विद्यालय परिवार

भारतीय संस्कृति

(हमारी संस्कृति विश्व की सर्वाधिक उदात्त संस्कृति और संसार की सर्वाधिक लोकप्रिय संस्कृति है । पढ़िए असप्रीत के विचार.....)

भारतीय संस्कृति को दुनिया की सबसे पुरानी और बहुत रोचक संस्कृति माना जाता है। यहाँ रहने वाले लोग विभिन्न धर्मों, परंपराओं, खाद्य पदार्थों, पहनावे आदि से संबधित हैं। यहाँ रहने वाले विभिन्न संस्कृतियों और परंपराओं के लोग सामाजिक रूप से अन्योन्याश्रित हैं क्योंकि धर्मों की विविधता में मजबूत बंधन एकता और अस्तित्व है।

लोग विभिन्न परिवारों में जन्म लेते हैं, जातियां, उपजातियां और धार्मिक समुदाय एक समूह में शांति और संयम से रहते हैं यहाँ के लोगों के सामाजिक बंधन लंबे समय तक चलने वाले हैं। सभी को अपनी पदानुक्रम और एक-दूसरे के प्रति सम्मान और अधिकारों की भावना के बारे में अच्छी भावना है।

भारत में लोग अपनी संस्कृति के प्रति अत्यधिक समर्पित हैं और सामाजिक संबंधों को बनाए रखने के लिए शिष्टाचार निभाते हैं भारत में विभिन्न धर्मों के लोगों की अपनी संस्कृति और परंपरा है। उनका अपना त्योहार और मेला है और वे अपने – अपने अनुष्ठानों के अनुसार मनाते हैं।

“भारत में अनेकता में एकता का कारण
हमारी संस्कृति ही है।”

मेरा सपना

(अपने जीवन लक्ष्य से परिचित करवा रहें है, सम्पन्न.....)

हर व्यक्ति की कुछ महत्वाकांक्षाएं या इच्छाएं होती हैं जैसे हम बच्चों की। अगर हम किसी चीज को देखकर रोमांचित हो जाते हैं तो उसे प्राप्त करने की इच्छा उत्पन्न होती है। इन इच्छाओं को पूरा करने के लिए हम कड़ी मेहनत करते हैं। जैसे – अलबर्ट आइंस्टीन जो एक महान वैज्ञानिक थे, दसवीं कक्षा में गणित में फेल हो गए लेकिन कड़ी मेहनत करके आज वे महान वैज्ञानिकों में गिने जाते हैं। इसलिए हमें जीवन में एक सपना या लक्ष्य रखना चाहिए जिससे हम इसे पूरा करने में मेहनत करें।

मैंने भी एक सपना देखा है। मैं एक आई.ए.एस. अर्थात् एक भारतीय प्रशासनिक सेवक बनना चाहता हूँ। ऐसा मैंने इसलिए सोचा क्योंकि मैं अपने देश के लिए कुछ करना चाहता हूँ और मम्मी पापा का नाम रोशन करना चाहता हूँ। मैं अपने देश से गरीबी, मंहगाई और भ्रष्टाचार हटाना चाहता हूँ। मैं हर किसान को शिक्षित करना चाहता हूँ। हमारे देश में अपराध की दर बढ़ती जा रही है। मैं अपना लक्ष्य प्राप्त करने के लिए कड़ी मेहनत करूंगा और अपनी हर गलती से कुछ न कुछ अवश्य सीखूंगा क्योंकि गलती से सीखना बड़ी कला है। मेरा परिवार मेरी इसके लिए पूरी सहायता करता है।

हमेशा याद रखें सपने देखने के बाद उसे पूरा करने में लग जाइए और सभी कठिनाइयों का डट कर सामना करिए, आप और हम अवश्य सफल होंगे।

कुछ मासूम सवाल

कब दोगी मुझे तुम अमूल्य समय अपना?
क्या रह जाएगा जी भर के बात करना
तुमसे मेरा बस सपना?

जॉब, खाना, पढ़ाना, डांटना है सबके
लिए समय तुम्हारे पास।
दो मिनट प्यार करने का कब समय
होगा तुम्हें मेरे लिए खास?
अपनी सारी ऊर्जा निकाल देती हो स्कूल
के अनगिनत बच्चों में,
थक हार कर घर आने पर बचते हैं कुछ
रुखे सूखे शब्द तुम्हारे जैसे सच्चों में।

स्कूल के बच्चे चाहे कितनी बार प्रश्न पूछे, समझाती हो बार-बार प्यार से
उन्हें, मैं जब उलझता हूँ सवालियों में तो, 'बेवकूफ' कहकर झिड़क देती हो
तुम बस मुझे।

स्कूल में बीमार बच्चों की चोट
कितने प्यार से सहलाती हो तुम!
मेरे बीमार पड़ने पर दवाई देकर
काम में जुट जाती हो तुम!
हाँ, पर पढ़ाने के लिए समय
निकाल ही लेती हो बस तुम!
डांट मार के परीक्षा की तैयारी
करवा ही देती हो तुम!

इतने सर्टिफिकेट, इतनी ट्रॉफियाँ, इतने मेडल तुम्हारे ही बदौलत हैं माँ,
बस गले लगाकर, गाल सहलाने का समय भी निकाल लो ना माँ।
आज खाना थोड़ा बनाओ कम, घर भी साफ रहने दो थोड़ा कम,
बचपन नहीं आएगा दोबारा मेरा माँ, थोड़ा लाड़ प्यार का समय दे दे माँ
जीवन में माँ के प्यार की नहीं है कोई समता, मेरा बल, मेरी ऊर्जा, मेरी
सारी ताकत है तेरी ममता।।

कानपुर का परिचय

(कानपुर से संबंधित महत्वपूर्ण तथ्य.....)

(1) "पुराने रेलवे स्टेशन से नये रेलवे स्टेशन तक जाने के लिए थी ट्राम" आज से 111 साल पहले। सन् 1907 में कानपुर में ट्राम शुरू की गयी थी जो 26 साल (16 मई 1933) तक चलाई गयी थी। इसे दिल्ली से पहले कानपुर और मुंबई में एक साथ शुरू किया गया था। इनका रूट शहर की मुख्य आबादी वाले इलाकों को पूरी तरह कवर करता था। अपने समूह का यह बेजोड़ परिवहन था। इसकी भव्यता का अंदाज शहर के बीचों बीच बने परेड ट्राम स्टेशन (आज भी उपस्थित है) को देखकर लगाया जा सकता है।

(2) कानपुर में सबसे पहली आइस फैक्ट्री रेल बाजार में अंग्रेज बाबू जॉन साहब ने खोली थी जिसका नाम जान्स आइस फैक्ट्री था, ये बर्फ का कारखाना वर्तमान में महेश्वरी देवी जूट मिल के सामने था और इसमें लगी मशीन इंग्लैंड में बनी थी।

(3) कानपुर के 'भीतर गांव' से तीन किलोमीटर की दूरी पर बेहता गांव में भगवान जगन्नाथ के मंदिर में यहाँ बारिश होने के छः सात दिन पहले मंदिर की छत से पानी की बूंदें टपकने लगती हैं, इतना ही नहीं जिस आकार की बूंदें टपकती हैं उसी आधार पर बारिश होती है।

वीर सपूत

('अनुनय' के द्वारा संकलित कविता, जिसमें कवि अपनी कलम से वीर सपूतों को नमन कर रहे हैं.....)

कलम क्रोधित हो पूछती है कि क्या लिखूं,
वीरों की अद्भुत शहादत लिखूं,
या माओं की बिलखती ममता लिखूं,
साथियों के उबलते जज्बात लिखूं,
या संगिनी की टूटी उम्मीदें लिखूं,
राष्ट्र ने खोए हैं आज फिर जो सपूत,
कहो किन शब्दों में उन के कर्ज लिखूं!

गाँधी वचन आज खारिज हो गए,
हैं दौर लहू का क्या लिखूं?
जो सरहद पर है वीर सचेत,
मैं हर एक को नमन करूं।
हम वे अहम थे जो हमने गवां दिए,
उनके मन की तुमसे माँग लिखूं,
सेना के अब और न बाँधो हाथ लिखूं,
घाटी को दो करने साफ या इन्हें हटा लो आज लिखूं।
कलम क्रोधित होकर पूछती है कि
फिर तुम्हीं बताओ कि क्या लिखूं?

एक यादगार यात्रा (जम्मू की)

(अपनी अविस्मरणीय यात्रा के विषय में बता रही हैं पार्थिवी.....)

मेरे जीवन की यादगार एवं सुखद यात्रा जो मेरे स्मृति पटल पर सदैव अंकित रहेगी। इस यात्रा में मैंने अपने माता-पिता के साथ माँ वैष्णो देवी के दर्शन और पटनी टाप नामक एक हिल स्टेशन की भी सैर की।

सर्वप्रथम हम लोगों ने कानपुर से जम्मू तक यात्रा ट्रेन से की जो लगभग 10 घंटे में पूरी हुई। उसके बाद हम जम्मू से कटरा टैक्सी द्वारा गए। कटरा में हमारा कमरा होटल में आरक्षित था जिसका नाम 'स्विंग हाई' था। वहाँ पर हम दोपहर दो बजे पहुंचे। कुछ घंटे विश्राम के बाद हमने माँ वैष्णो देवी के दर्शन हेतु चढ़ाई आरंभ की। यह रास्ता लगभग 14 किलोमीटर का था। आरंभ में मैं और मेरी माँ यह सोचकर परेशान थे कि यह दुर्गम रास्ता कैसे पूर्ण होगा, पर उस दिन इतनी छोटी सी आयु में मैंने यह जाना कि आस्था और विश्वास में बहुत शक्ति होती है।

मेरी उम्र तब नौ वर्ष की थी और कब मैं अपनी माँ के साथ वैष्णो माता के जयकारे लगाते हुए उनके दरबार में पहुंच गई, पता ही नहीं चला। वह दिन मेरे लिए अविस्मरणीय दिन था जब इतनी चढ़ाई के बाद भी लेशमात्र थकान का आभास नहीं हुआ। हम तीनों ने माँ के दर्शन किए और पुनः वापस अपने होटल की तरफ चल दिए। वहाँ पूरे दिन विश्राम किया, तत्पश्चात अगले दिन सुबह टैक्सी से पटनी टाप के लिए यात्रा आरंभ की। जून का माह चल रहा था पर यह स्थान समुद्र तल से काफी ऊंचाई पर होने के कारण दिसम्बर माह का आभास करा रहा था, यहां पर चलने वाली हवाएं काफी ठंडी थी और चारों तरफ अत्यंत मनोरम दृश्य थे। चारों तरफ चीड़ व देवदार के वृक्ष थे जो देखने में बहुत सुंदर लग रहे थे। अचानक मैंने देखा कि एक वृक्ष जिसकी पत्तियाँ काफी चौड़ी व पांच नोंक वाली थी। पूछने पर यह पता चला कि इस वृक्ष को चार चिनार कहते हैं। इन दृश्यों को हम लोगों ने अपने कैमरे में कैद किया। मेरी माँ जो कि हिन्दी साहित्य की प्रवक्ता हैं उन्होंने साहित्यिक ढंग से बताया कि ये वर्तमान पल केवल अभी के लिए ही सुखद नहीं अपितु भविष्य के लिए भी सुखद होंगे यदि इनको अपने कैमरे के साथ-साथ अपनी स्मृति पटल में अंकित कर लिया जाए।

माँ की यह बात सच साबित हुई आज थकान के क्षणों में जब आँखें बंद करके अपनी स्मृति पटल के पन्नों को खोलती हूँ तो मेरा रोम-रोम पुलकित हो उठता है। यह यात्रा मेरी कई कारणों से यादगार बन गई पहला कारण यह जाना कि आस्था और विश्वास में बहुत शक्ति है। दूसरा कारण कि प्रकृति ईश्वर का ही प्रतिबिम्ब है। अपने मनोरम दृश्यों के कारण साथ ही मेरे प्यारे माता-पिता के सान्निध्य के कारण यह यात्रा अविस्मरणीय बन गई।

नमामि गंगे

(“नमामि गंगे योजना” में पुरस्कृत आलेख! पढ़िए पतितपावनी माँ गंगा के प्रति ‘भूमि’ के विचार.....)

गंगा नदी हमारे भारत की शान है। हमारे देश की सबसे पवित्र गंगा नदी का जल उत्तर प्रदेश, बिहार, झारखंड, पश्चिम बंगाल से होते हुए समुद्र के जल में मिल जाता है। यह हमारी धार्मिक आस्था की प्रतीक है। गंगा नदी के जल को सबसे पवित्र जल कहा जाता है। लेकिन आज गंगा नदी में हो रहे प्रदूषण के कारण गंगा नदी का जल दूषित होता जा रहा है। हम सभी को यह प्रयास करने की जरूरत है कि गंगा नदी के जल को स्वच्छ रखें। स्वच्छ गंगा परियोजना की शुरुआत हमारे भारत के प्रधानमंत्री नरेंद्र मोदी जी के द्वारा की गई थी। इस योजना का प्रारंभ करने का उद्देश्य था कि हमारे भारत की सबसे पवित्र नदी गंगा में हो रहे प्रदूषण को रोका जाए, साथ ही इसके जल को स्वच्छ किया जाए। यह योजना सबसे महत्वपूर्ण योजना है क्योंकि जिस जल को हम पीते हैं वह जल अगर शुद्ध नहीं होगा तो हमें तरह-तरह की बीमारियाँ हो सकती हैं। मैं यही कहूँगी कि सरकार के साथ-साथ हम सभी को भी गंगा के जल को साफ करने के लिए अपना योगदान देना चाहिए। इस योजना के माध्यम से हमारे देश की सबसे पवित्र नदी गंगा को साफ करने के लिए 18 वर्ष का समय निश्चित किया गया है। हमें कोशिश करनी चाहिए कि गंगा नदी में किसी तरह का कोई कचरा न डाले। इससे हमारे भारत की सबसे पवित्र नदी गंगा पुनः स्वच्छ हो जाएगी।

“भविष्य को सुरक्षित बनाएँ, आओ सब मिलकर गंगा स्वच्छ बनाएँ”

“आस्था और संस्कृति की धरोहर, सदा इसको शीश नवाएँ।

गंगा को स्वच्छ रखना हम सबका परम कर्तव्य है। परमधर्म है अपना यह कार्यकेवल सरकार का नहीं है।”

“गंगा में अपनी श्रद्धा अर्पण करें,

पालीथिन, पन्नी नहीं

(केवल बड़ों के मन में ही नहीं, बच्चों के हृदय में भी माँ गंगा के प्रति अपार श्रद्धा है.....)

गंगा हमारी माता है। हमारे देश में गंगा नदी को माता का स्थान दिया गया है परंतु इसके बाद भी हमारे यहाँ इसकी शुद्धता पर ध्यान नहीं दिया जाता। हम लोग श्रद्धा पूर्वक गंगा नदी में अनेक पूजन की सामग्री डालते हैं परंतु हमें डालने से पहले सोचना चाहिए कि कहीं हमारी श्रद्धा इस नदी को अस्वच्छ या गंदा तो नहीं कर रही हैं। हमारे भारत में अनेक प्रकार की मिलें हैं जो अपने – अपने सामान के उत्पादन के बाद सारा कूड़ा और कचड़ा नदी में बहा देते हैं। वह लोग बहाने के पहले यह नहीं सोचते कि वह नदी को ही नहीं बल्कि जिन्हें माता मानते हैं उन्हें गंदा कर रहे हैं। बच्चे चिप्स आदि खाकर उनका कूड़ा या पन्नी फेंक देते हैं। पॉलीथिन जो कहीं भी नहीं घुल सकती, पानी को अशुद्ध कर देती है। पानी में पन्नी या पॉलीथिन पानी में रहने वाले जीव-जन्तुओं को बहुत हानि पहुँचाते हैं। जैसे- उनकी मृत्यु होना, उन्हें कोई बीमारी हो जाना। यदि यही पानी कोई मनुष्य पी ले तो उसे कैंसर जैसी घातक बीमारी हो सकती है। हमें गंगा को स्वच्छ एवं साफ रखने का प्रयास करना चाहिए। हमारी सरकार को भी अनेक योजनाएं बनानी चाहिए। सरकार ने गंगा को साफ रखने के लिए कई प्रकार की योजनाएं बनाई गई हैं जैसे- नमामि गंगे, गंगा जागरण। भारत के नागरिक के रूप में हमें यह प्रण लेना चाहिए कि हम गंगा को स्वच्छ रखने का यथा संभव प्रयास करेंगे।

माँ गंगा को अपनी श्रद्धा अर्पण करें पालिथीन नहीं

**“देवि सुरेश्वरि भगवति गंगे
त्रिभुवन तारिणि तरल तरंगे ।
शंकर मैलि विहारिणी विमले
मम मतिरास्तां तव पद कमले ॥”**

आदि गुरु शंकराचार्य द्वारा रचित माँ गंगा की स्तुति इस बात का प्रमाण है कि भारतीय जनमानस में गंगा नदी का स्थान परमेश्वर के समकक्ष है। इसे समस्त देवताओं की अधीश्वरी तथा तीनों लोकों का उद्धार करने की शक्ति से संपन्न माना जाता है। भगवान शिव जन कल्याण के देवता है। उनकी जटाओं से निःसृत गंगा भी लोक कल्याण का जीवन रूप है। हिमालय में स्थित अपने उद्गम से गंगोत्री से निकलती बालिका गंगा अपनी बहनों अलकनंदा, मंदाकिनी, भागीरथी के साथ हंसती- खेलती सारी बाधाओं को ध्वस्त करती, स्वयं अपना मार्ग बनाती किसी वीरांगना पट्टमहिषी सी बंगाल की खाड़ी तक विराट यात्रा में प्रशस्त होती है। यमुना, सरस्वती, सोन आदि उत्तर भारत की समस्त नदियाँ इसी शोभा यात्रा में सम्मिलित होती जाती हैं।

गंगा वितरण के विषय में पौराणिक मान्यता है कि भगीरथ ने इस अपने साठ हजार अभिशप्त पूर्वजों के उद्धार हेतु कठिन तपस्या के द्वारा धरती पर उतारा था। गंगा ने न केवल भगीरथ के पूर्वजों का अपितु संपूर्ण भारत भूमि का उद्धार किया है। हरिद्वार में भू स्पर्श करने के पश्चात गंगा गढ़ मुक्तेश्वर, फर्रुखाबाद, कानपुर, इलाहाबाद, बनारस, पटना आदि नगरों की भूख- प्यास बुझाती हुई निरंतर आगे बढ़ती है। कितने गांव-घाट, कस्बे इससे उपकृत होते हैं, उनकी संख्या गिनने से कोई लाभ नहीं है, प्रसिद्ध गायक भूपेन हाजारिका लकी स्वर लहरी करुणा व आक्रोश को व्यक्त करते हुए कहती है

**‘विस्तार है अपार,
प्रजा दोनों पार,
करे हाहाकार
निशब्द सदा बहती हो क्यों?’**

क्या वास्तव में गंगा निशब्द है ? नहीं, गंगा निशब्द नहीं है, समस्या हमारी है। हमीं गंगा के स्वरो को सुनने की शक्ति खो बैठे हैं। हमारे पर्व-त्योहारों से लेकर जन्म-विवाह- मरण तक गंगा के आंचल में होते हैं, परंतु अपने स्वार्थ के कारण हमने इस ममता भरे आंचल को न केवल मैला किया है अपितु तार-तार भी कर दिया है।

विश्वास न हो तो अप्रैल-मई की तपती गरमी में गंगा के दर्शन करिए। गंगा आपको रेत के चीथड़ों से लिपटी दिखाई देगी। कुछ पल को मान लेते हैं कि दुर्दिन में तो महाराज हरिश्चन्द्र व महारानी तारामती ने भी फटे वस्त्र पहने थे, परंतु जीर्ण-शीर्ण कलेवर पर ये कुछ के कलंक किसने लगाए हैं ? सही पहचाना ये पालिथीन व प्लास्टिक के ढेर हैं जो अब कैंसर का रूप ले चुके हैं। पतित पावनी को हम पूरी शक्ति से पतन की ओर ही नहीं मरण की ओर भी ले जा रहे हैं। हर पर्व और रीति-रिवाज को संपन्न करने हमारे ‘भोले-भाले’ देशवासी गंगा के तट पर एकत्रित होते हैं। कार्तिक पूर्णिमा का पर्व गंगा स्नान व दान के लिए विशेष दिवस माना जाता है। साथ ही वर्ष भर के पूजा-पाठ से बची सामग्री- पुरानी मूर्तियाँ, कलैंडर- पोस्टर, सिंथेटिक फाइबर से बने वस्त्र, पुराने घड़े आदि अनगिनत वस्तुओं का लाखों टन कचरा गंगा में भोले भक्तों द्वारा बहा दिया जाता है, जनता को नासमझमान लेने से जिम्मेदारी समाप्त नहीं होती परंतु सरकार व स्थानीय निकायों की महानता को कैसे भूला जा सकता है। वे योजना बनाकर नगरों, महानगरों के सारे नाले व सीवर गंगा में गिराते हैं। घरों, दुकानों, बड़े-बड़े शॉपिंग मॉल में सिंगल यूज प्लास्टिक व पालिथीन की भरमार है। कूड़ा निस्तारण की कोई सही व वैज्ञानिक विधि स्वतंत्रता के सात दशक बीतने पर भी खोजी नहीं जा सकी। कचरा सड़कों, नालियों, नालों से होता हुआ गंगा तक पहुंच रहा है। प्रधानमंत्री नरेन्द्र मोदी ने ‘नमामि गंगे’ तथा ‘स्वच्छ भारत प्रोजेक्ट’ आरंभ किए, कारखानों, टेनरियों आदि से निकलने वाले प्रदूषित जल एवं मृत शरीरों का

प्रवाह करने पर अंकुश लगाए गए। कुछ समय के लिए वह दशा हो गई।

हर्ष का विषय है कि गंगा के घाटों पर पंडों, पुरोहितों एवं कार्यकर्ताओं ने प्रदूषण फैलाने वालों वा पालिथीन लाने वालों पर कड़ी नजर रखनी शुरू की है। इसके प्रभाव से गंगा तट पहले से स्वच्छ दिखाई देते हैं। इसके बाद भी सरकारी कार्यक्रम आयोजित होते हैं। वर्ष 2019 की दीपावली के अवसर पर अयोध्या में सरयू नदी के तट पर लाखों दीप प्रज्वलित किए। तट की शोभा अतुलनीय थी परंतु फिर ये लाखों दीप कहां गए ! सरयू में प्रवाहित किए गए। यदि ये पकी मिट्टी से बने थे, तो भी यह नदी के प्रवाह में बाधा बनेंगे। अंत में सरयू नदी गंगा में ही मिलेगी। तात्पर्य यह है कि गंगा को प्रदूषित करने का कार्य छोटे- बड़े सभी स्तरों पर हो रहा है।

भारत के ग्यारह राज्यों से गुजरने वाली गंगा आज भी देश की 40 प्रतिशत आबादी की प्यास बुझा रही है। लगभग 600 कि. मी. तक गंगा का प्रवाह जल जीवन से रहित हो गया है। प्रदूषण की यही दर रही तो गंगा के प्रवाह से नदी से नहीं, तटों से सौ भी जीवन समाप्त होने लगेगा। युग दृष्टा ऋषि तुलसी दास जी ने चार-सौ वर्ष पूर्व ही भविष्य वाणी की थी कि गंगा के अंत के साथ ही मानव जाति का अंत होगा। अतः यदि जीवन से प्यार हो तो हम सब को मिल कर एक ही कठोर कदम उठाना होगा कि हम किसी भी दशा में किसी भी स्थान पर, कभी भी पॉलिथीन या सिंगल यूज प्लास्टिक का प्रयोग नहीं करेंगे। अपनी आवश्यकताओं स्वार्थों एवं आलस्य पर अंकुश लगाने और किसी भी वस्तु को कचरा बनाकर फेंकने से पहले भली-भांति विचार करने को अपना धर्म मान लेने में ही हमारा कल्याण है। बहुत पहले से कहावत चली आ रही है, ‘गंगा जल उठाकर कसम खाई’ तो आज यही शपथ हम लें कि गंगा जल उठाकर शपथ लेते हैं कि गंगा में केवल अपनी सच्ची श्रद्धा अर्पण करेंगे, पॉलिथीन नहीं।

आखिर वो मेरी मम्मी है

(अपने जीवन में माँ के महत्व से परिचित करा रहे हैं
ब्रह्मांश.....)

मुश्किल दिन में मैं होता हूँ,
मेरी मम्मी रोती है।
हर खुशी में मेरी,
शामिल होती है।
आखिर वो मेरी मम्मी है

जिस दिन जो भी खाना हो,
कैसे भी करके बनाती है।
जितनी भी मुश्किल हो,
मदद वो मेरी करती है।
आखिर वो मेरी मम्मी है

शरीर में जितनी दिक्कत हो,
काम वो मेरा करती है।
मेरी मुश्किलों को भी,
अपना वो समझती हैं।
आखिर वो मेरी मम्मी है

जितनी भी मुश्किल हो,
कपड़े वो मेरे धोती है।
जितनी भी बड़ी गलती हो,

दो पैसे की विद्या

(‘आद्या’ द्वारा प्रस्तुत है एक प्रेरक प्रसंग.....)

रामकृष्ण परमहंस को तो आप जानते ही होंगे। एक बार वह अपने शिष्यों को ज्ञान की बातें बता रहे थे। तभी वहां पर एक साधू आए। वह उनसे बहुत ईर्ष्या करते थे। वह क्रोध में आकर उनके पास गए और उन्हें चुनौती दी और आग्रह किया कि वह उनके साथ नदी के पास चले। रामकृष्ण जी के शिष्यों ने जब उनके गुरु के साथ ऐसा व्यवहार करते हुए देखा तो वह क्रोधित हो गये। परन्तु रामकृष्ण विनम्रता पूर्वक उनके साथ नदी के पास गए।

साधू ने उनसे पूछा ‘क्या आप पानी पर चल सकते हैं?’ उन्होंने उत्तर दिया, ‘नहीं!’ मैं नहीं चल सकता। साधू ने कहा— ‘मैं चल कर दिखाता हूँ।’ वह नदी के एक छोर से दूसरे छोर चलकर गए और कहने लगे कि मैं ज्यादा विद्वान हूँ। रामकृष्ण जी हंसने लगे और एक नाव में सवार होकर नदी के एक छोर से दूसरे छोर घूम आए। उन्होंने फिर नाव चालक से उसका दाम पूछा तो वहां से उत्तर मिला ‘दो पैसे मालिक’। उन्होंने पैसे दिए और साधू से पूछा कि ‘तुम्हें यह कला सीखने में कितना समय लगा? वह बोले— ‘बीस साल लगे हैं।’ रामकृष्ण जी जोर जोर से हंसने लगे। वह बोले ‘बीस साल लगाकर तुमने कला सीखी भी तो दो पैसे वाली।

सीख— यही गलती हर मनुष्य दोहराता है। वह इस छोटे से जीवन में समय का मूल्य जानता ही नहीं। ‘वस्तु कितनी ही महान या मूल्यवान क्यों न हो वह आपका जीवन बढ़ाने वाली नहीं ‘तो आपके लिए व्यर्थ ही हुई।’

काश! ऐसा होता

(“प्रयासरत बच्चे को अवसर न मिलना कितने सारे ‘काश’! को जन्म दे सकता है। पढ़िए साँची के काव्यमय उद्गारों में)

काश ऐसा होता
कि जैसा सोचा था गर वैसा होता,
तब तो वाह रे भगवान।
मेरा घर वापस जाने का मन ही न होता।

इंतजार करते – करते,
थक गया समय, थक गए पाँव
आखिर वक्त आया, तो सामने आ गया भय।

उम्र न थी कुछ खास,
परंतु सपने कभी उम्र के मोहताज नहीं होते,
क्योंकि मुझे भी बनना था ‘उनके’ जैसा
जिसकी लगाई रखी मैंने बहुत आस।

रोज बैग टांगकर,
उसमें किताबें ही नहीं,
कई आशाएं होती हैं,
पर जो कभी पूरी न होती हैं।

कोशिश करने का डर नहीं था,
मेहनत करने में संकोच नहीं था,
पर बुरा तो तब लगा, जब
कोशिश करने का मौका ही नहीं था।

लोगों को लगाव तो होता है सफलता से,
पर कितना होता है?
यह तो तब पता चला जब,
मेहनत करने वालों की भी हार होने लगे।
जबकि पढ़ा था कोशिश करने वालों की
कभी हार नहीं होती।

सवाल ये कई थे,
जवाब था एक भी नहीं,
और न मैंने किया पूछने का प्रयास,
क्योंकि आत्म सम्मान बार-बार आड़े आ जाता था।

खो गई थी सारी आशाएं,
सोच लिया था नहीं
फिर भी देखा आगे बढ़ने का सपना,
फिर तोड़ गया आगे जाने का सपना।

काश ऐसा होता कि यह पीछे धेकेलने का
काम कभी न होता,
काश ऐसा होता कि कोशिशों का सम्मान होता,
काश ऐसा होता कि उन ‘खास’ में मेरा भी नाम होता,
काश ऐसा होता कि जो सोचा था वैसा ही होता।

सफर में धूप तो बहुत होगी

(प्रख्यात शायर निदाफाजली के शब्दों के माध्यम से 'यशी' जीवन की महत्त्वपूर्ण सीख दे रही हैं.....)

सफर में धूप तो बहुत होगी जो चल सको तो चलो,
भीड़ तो बहुत होगी नई राह बना सको तो चलो।

माना कि मंजिल दूर है कदम बढ़ा सको तो चलो,
मुश्किल होगा सफर, भरोसा है जो खुद पर तो चलो।

हर पल हर दिन रंग बदल रही है जिंदगी,
तुम अपना कोई नया रंग बना सको तो चलो।

राह में साथ न मिलेगा अकेले चल सको तो चलो,
जिंदगी के कुछ मीठे लम्हें जो बुन सको तो चलो।

महफूज रास्तों की तलाश छोड़ दो धूप में तप सको तो चलो,
छोटी-छोटी खुशियों में जो जिंदगी ढूँढ सको तो चलो।

यही है जिंदगी कुछ ख्वाब चंद उम्मीदें,
इन्हीं खिलौनों से तुम भी बहल सको तो चलो।

तुम ढूँढ रहे हो अंधेरों में रोशनी, जो खुद को रोशन कर सको तो चलो,
कहाँ रोक पाएगा रास्ता कोई जो जूनून बचा है तो चलो।

खुद पर हंसकर दूसरों को हंसा सको तो चलो,
दूसरों को बदलने की चाह छोड़कर, खुद बदल सको तो चलो।

बल पौरुष के बिना शान्ति का
नारा केवल एक सपना है।

लड़ा न जिसने युद्ध राष्ट्र वह,
जिस पर हुआ प्रहार नहीं।

शान्ति वही रख सकते हैं
जो मृत, कफन ओढ़ लेते हैं।

रही कुंआरी मिट्टी वो जो
पकड़ सकी तलवार नहीं।

उठो, न मूंदो कान आज तो
गगन यथार्थ पुकार रहा।

हुए न शत-शत घाव देह पर
तो फिर कैसा साँगा है

अपने तीखे बाण टटोलो
बैरी धनु टंकार रहा।

मां का दूध लजाया उसने
केवल मिट्टी रागा है।

धैर्य का फल

(दोस्तों की बात बड़ी शीघ्र मस्तिष्क और हृदय में स्थान बनाती है। अतः शरद की सुन्दर सीख निश्चय ही दोस्तों के लिए उपयोगी होगी।)

भारत वर्ष में एक सुन्दर किवदंती प्रचलित है वह यह है कि आकाश में स्वाती नक्षत्र के रहते यदि पानी गिरे और उसकी एक बूंद किसी सीपी में चली जाए, तो वह मोती बन जाती है। सीपियों को यह मालूम है इसलिए वह नक्षत्र उदित होता है, तो वह सीपियां पानी की ऊपरी सतह पर आ जाती है। वे उस समय की एक अनमोल बूंद की प्रतीक्षा करती है। ज्यों ही एक बूंद पानी उनके उदर में जाता है, त्यों ही उस जलकण को लेकर मुंह बंद करके वे समुद्र के अथाह गर्भ में चली जाती हैं। वहाँ बड़े धैर्य के साथ उनसे मोती तैयार करने प्रयत्न में लग जाती है। हमें भी उन्हीं सीपियों की तरह होना होगा। पहले सुनना होगा, फिर समझना होगा। अंत में बाहरी संसार से दृष्टि बिल्कुल हटानी होगी। सब प्रकार की विपक्षकारी बातों से दूर रहकर हमें अंतर्निहित सत्य तत्व के विकास के लिए प्रयत्न करना होगा। एक भाव को नया कहकर ग्रहण करना होगा। उसकी नवीनता चली जाने पर फिर एक दूसरे नए भाव का

आश्रय लेना। इस प्रकार बार-बार करने से तो हमारी सारी शक्ति ही इधर-उधर बिखर जाएगी। एक भाव को पकड़ो, उसी को लेकर रहो। उसका अंत देखे बिना उसे मत छोड़ो। जो एक भाव लेकर उसी में मस्त रह सकते हैं, उन्हीं के हृदय में सत्य तत्व का उन्मेष होता है। जो लोग यहाँ का कुछ और वहाँ का कुछ इस तरह खटाइयाँ चखने के समान सब विषयों को मानो थोड़ा-थोड़ा चखते जाते हैं वे कोई चीज नहीं पा सकते।

जो सचमुच योगी होने की इच्छा रखते हैं, उन्हें इस प्रकार के थोड़ा-थोड़ा हर विषय को पकड़ने की वृत्ति सदैव के लिए छोड़ देनी होगी। एक विचार अपनाएं फिर उसी विचार को अपना जीवन बनाएं। उसी का चिंतन करें। उसी का स्वप्न देखें और उसी में जीवन बिताएं। आपका मस्तिष्क, स्नायु, शरीर के संवर्ग उसी के विचार से पूर्ण रहे। दूसरे सारे विचार छोड़ दे। यही सिद्ध होने का उपाय है। इसी उपाय से बड़े-बड़े धर्मवीरों की उत्पत्ति हुई है।

उसके लिए शब्दों की इबादत का एक महान किला गढ़ सकूँ।

चलो कुछ नया करते हैं और आज पिता पर लिखते हैं।
इतना डाँटते हैं मुझे पर माँ कहती है बड़ा चाहते हैं तुझे।
बड़ा हुआ तो समझा डांट वही है जहाँ प्रेम स्नेह प्यार रहते हैं।
उसी डाँट ने आज बना दिया 'ए वन' ऐसा मित्र कहते हैं।

आज जब कोई माँ पर काव्य पाठ करता है।
सोचता हूँ क्या कमी है पिता के प्यार में कहीं कुछ खलता है।
माँ-पिता तो एक रथ के दो चक्र हैं, सृष्टि की निरन्तरता है।
इस मृदुल वृक्ष चलते ही हम बीजों ने सीखी आत्मनिर्भरता है।

अतः दोस्तों इस छतनार वृक्ष को विनम्रता से सदा सींचना।
दैदीप्तमात हो उनका नाम, ऐसा ताना बाना बुनना।
माँ-बापू के उपकारों को सदा गिनना और अपने सदा छुपाना।
कभी शिकायत जगे कोई, गहराई में उसे दफनाना।
सुन्दर सत्य यही है कि फिर भी प्रत्युपकार न होगा, ऐसा जानना।

(रोशनाई से सकारात्मकता का संदेश देने वाले मेधावी छात्र पुनीत निश्चय ही आशावादिता का शंखनाद कर निराश मन में प्राणों को फूँक रहे हैं और एक पुनीत कार्य कर रहे हैं।)

रोशनी की एक किताब लिखता हूँ,
अनुशासित इंकलाब लिखता हूँ,
आँच आए जब स्वाभिमान पर,
रोशनाई नहीं तेजाब लिखता हूँ।

जुगनुओं का दूँड जोड़कर
अंधेरो में आफताब लिखता हूँ
पर्यावरण संतुलन ही कल का धर्म
बार - बार यही जनाब लिखता हूँ
तूफानों के बीच बनानी है राहें,
हौसलें की नाव और आब लिखता हूँ
सारी कायनात एक परिवार है,
सोते जागते यही खाब लिखता हूँ।

जब तू जोड़ने वाली बातें बोले
तेरी जुबाँ का गुलाब लिखता हूँ,
न हो किसान तो भूखों मर जाएं,

उसी के नाम सारे खिताब लिखता हूँ,
सबके दिलोजान को आजाए सुकून,
ऐसा मंत्र न कि अजाब लिखता हूँ,
दुनिया की सारी नदियाँ माँ सी प्यारी हैं।

मैं कावेरी में भी चेनाब लिखता हूँ,
जो दुनिया से ले कम और दे ज्यादा,
उसी बंदे को कामयाब लिखता हूँ,
झूठ व फरेब की कमाई पचती नहीं,
तभी तो इन्हें कुदरती जुलाब लिखता हूँ,
इन्द्र धनुष को लोग क्या - क्या कहते हैं।

मैं तो इसे आसमानी मेहराब लिखता हूँ,
वह ईमानदार है गुस्से में भी, प्यार में भी,
इसीलिए उस नानक, अल्लाह, शिव, यीशू
का पुनीत रूआब लिखता हूँ।

माननीय बुजुर्ग

(एक भूतपूर्व छात्रा द्वारा विदेश से भेजी गई बेहद मर्मस्पर्शी रचना जो बुजुर्गियत का तहेदिल से सम्मान का संस्कार संजोए है और उम्र के पड़ाव को शिद्दत से फतह करते सभी बड़ों को सादर समर्पित है)

अनगिनत कहानियाँ
ये सब हैं निशानियाँ
कि कितने आसमाँ
हम फतह कर आए।

श्वेत हैं केश
नहीं कष्ट लवलेश
हाथों की अकड़न
और घुटने का घर्षण
गवाह है उन मंजिलों का
जो हम छू के बढ़ आए।

अब कभी आइना है चिढ़ाता,
हाथों की लाठी
और पैरों का पायतों से जुड़ा नाता।

जब वृद्ध होने का दुःख है पिघलाता।
तो हृदय फिर डुंकारे लगाता,

मैं हारा नहीं हूँ।
जरा थका हूँ,
साँस तो ले लूँ।
कुछ क्षण ही रुका हूँ।

मंजिल मुझे खुद है ढूँढती आयी,
वृद्ध नहीं,
शुद्ध-बुद्ध हो गया अब ये राही।

Un Voyage En Europe

A Journey to Europe

L'Europe est un continent situé entièrement dans l'hémisphère nord et principalement dans l'hémisphère oriental. Il est bordé par l'océan Arctique au nord, l'océan Atlantique à l'ouest, l'Asie à l'est et la mer Méditerranée au sud. Il comprend la partie la plus occidentale de l'Eurasie. C'est le 6e plus grand continent du monde. L'Europe, en particulier la Grèce antique et la Rome antique, était le berceau de la civilisation occidentale. [10] [11] [12] La chute de l'Empire romain d'Occident en 476 après JC et la période de migration qui suivit marquèrent la fin de l'histoire ancienne et le début du Moyen Âge. L'humanisme, l'exploration, l'art et la science de la Renaissance ont conduit à l'ère moderne. Depuis le début de l'ère de la découverte par le Portugal et l'Espagne, l'Europe a joué un rôle prédominant dans les affaires mondiales. Entre le XVIe et le XXe siècle, les puissances européennes contrôlaient à différentes époques les Amériques, la quasi-totalité de l'Afrique et de l'Océanie et la majorité de l'Asie.

Le siècle des Lumières, la Révolution française qui a suivi et les guerres napoléoniennes ont façonné le continent sur les plans culturel, politique et économique de la fin du XVIIe siècle à la première moitié du XIXe siècle

EUROPE

Europe is a continent located entirely in the Northern Hemisphere and mostly in the Eastern Hemisphere. It is bordered by the Arctic Ocean to the north, the Atlantic Ocean to the west, Asia to the east, and the Mediterranean Sea to the south. It comprises the westernmost part of Eurasia. It is the 6th largest continent in the world. Europe, in particular ancient Greece and ancient Rome, was the birthplace of Western civilisation. [10][11][12] The fall of the Western Roman Empire in 476 AD and the subsequent Migration Period marked the end of ancient history and the beginning of the Middle Ages. Renaissance humanism, exploration, art and science led to the modern era. Since the Age of Discovery started by Portugal and Spain, Europe played a predominant role in global affairs. Between the 16th and 20th centuries, European powers controlled at various times the Americas, almost all of Africa and Oceania and the majority of Asia.

The Age of Enlightenment, the subsequent French Revolution and the Napoleonic Wars shaped the continent culturally, politically and economically from the end of the 17th century until the first half of the 19th century.

Eurostar

Eurostar is the service that allows you to catch a train from London to Paris and beyond. There's a sea in the way, of course, but Eurostar dives under it, using the 31-mile Channel Tunnel. Work on the tunnel began in 1988, and it was finally opened for business in 1994, costing £4.6 billion.

Fashion in France is an important aspect in the spectrum of culture and social life, as well as being an important aspect of the economy. Fashion design and production is from prominence in France from the 15th century. From the 17th century, it exploded into a rich industry both for local consumption and for export.

Un poème à lire à ma mère

A poem for my mother to read

J'ai cherché dans les poèmes
Comment dire "je t'aime".
J'ai trouvé des mots savants
Bien trop longs pour mes cinq ans !
Alors, j'ai cherché ailleurs,
Et j'ai trouvé dans mon coeur,
Les mots que tu m'as appris
Quand j'étais encore petite.
Maman, je t'aime, grand comme ça !
Je le dis avec mes bras...

Translation

*I looked in the poems
How to say "I love you".
I found big words
Too long for my five years!
So I looked elsewhere,
And I found in my heart,
The words you taught me
When I was still small.
Mom, I love you, big like that!
I say it with my arms ...*

J'ime français

I love French

Ce n'est un secret pour personne que je suis un francophile et un ardent défenseur de la langue française. C'est bien sûr mon amour pour la langue française qui va bien au-delà. Je me retrouve constamment amoureux des nuances de la langue et je suis connu pour éloquent chaque nouvel idiome que j'apprends.

*C'est un beau langage lyrique.
C'est le langage de l'amour.
C'est le langage de la littérature.
C'est la langue de la fine cuisine*

Translation

It's no secret that I am a francophile and an ardent supporter of the French language. It is of course my love for the French language goes much beyond that. I find myself constantly enamoured by the nuances of the language and am known to wax eloquent about every new idiom I learn.

*It's a beautiful, lyrical language.
It's the language of love.
It's the language of literature.
It's the language of fine cuisine.*
