Dear Parents,

Summer vacation is a welcome break... Break from schedule, rules and regulations of the school. Freedom brings more responsibility, so keeping this in mind we have planned an array of activities to keep our children engaged and also help them in channelizing their energies positively.

### **Happy Holidays ! Have fun with your little one!**

If there is one particular message this summer, it is this : Take the time to show children how wonderful, unique and special they are. Be there for them.

While we would like our children to enjoy their summer break, we thought we would share with you a few activities which could be incorporated in their routine, so that they learn while they play. Do participate and relive your childhood with them.

### **How independent can I become ?**

Make your child more independent by teaching him or her various activities like :

- \*Buttoning and unbuttoning the shirt.
- \*Laying the table.
- \*Folding mats and clothes.
- \*Arranging their toy shelf.
- \*Learning to wear shoes and socks.
- \*Learning how to zip their school bag and uniform.
- \*Sorting and pairing household items.

### **Good Manners and Good Habits**

Good manners and good habits are lifelong assets and this should be practiced until they become a habit. Revise the four magical words PLEASE, SORRY, THANK YOU and EXCUSE ME, which we have learnt as the basic of good manners. Make these four magical words a habit and see the difference.

### **Fun with Reading and Story Narration**

Books are a child's best companion. They are the window to perfect understanding of different topics, values, cultures etc...To enhance their knowledge and to make story narration more interesting help your child to prepare props for the story 'The lion and the mouse'. You can use any material available at home preferably used ones so that the concept of sustainability gets imbibed in their minds.
